LEGENDRY

MISTS OF TIME & DUNGEON CRAWLER

Double CD with banderole

The Epic Metal high-flyers from the USA celebrated their first successes outside the underground scene with their third album „The Wizard And The Tower Keep“ (2019).

The EP „Heavy Metal Adventure“ being recently released on Golden Core is keeping the band’s name on top of Epic Metal fans’ lists.

However, the trio’s first two albums have already demonstrated the qualities for which Legendry are known and celebrated today. The problem: They were released on a label from Portugal, which could not show a wide distribution and showed only little activity since 2018. Now Golden Core fills this gap for fans of the band (and those who have recently become fans) and releases both albums combined on a double CD.

„Mists Of Time“ has been tonally reworked. In addition we present a new cover artwork (of course, the booklet includes the originals) and liner notes, as well as photos.

Already on these first two releases you can hear that Legendry could become the long-term successors of the mighty Manilla Road.

Title: **All Or Nothing**
 Artist: **SUDDEN DEATH**

NOW ON VINYL!

Due to the competition from the USA and England, Heavy Metal made in Germany was often not noticed in the eighties. When the only LP of the Berlin band Sudden Death was released in 1987, the speed and thrash wave as well as the softer hair metal groups were also popular.

Today, however, headbangers love the bands that were caught between two stools 30 years ago.

For an original of „All Or Nothing“ you have to dig deep into your pockets and even a Russian CD bootleg has its costs. That's over now, because Golden Core is now releasing a unique CD of the band, which contains the LP (remastered) and all recordings.

In 1986 SUDDEN DEATH produced three tracks with Harris Johns in the Music Lab Studio, who also sat at the mixing desk on „All Or Nothing“. There were never any mangy rehearsal room demos on Sudden Death. They always produced at full throttle.

Trendless, powerful Heavy Metal can't sound better!

Title: **Music In Film: The Reel Deal**

Artist: **RICHARD BARATTA**

“I always knew Richie was a great producer of films. When I got to sing some jazz numbers with him and his group I learned something else. The man is a fantastic jazz drummer and an incredible Latin Jazz musician. Enjoy this great music!” — Joe Pesci

Music in Film: The Reel Deal marks film producer and drummer Richard Baratta’s triumphant return to jazz after a 30+ year diversion, during which time Baratta became a celebrated film producer of Hollywood hits such as The Irishman, Joker and The Wolf of Wall Street. A impromptu gig at a New York jazz club rekindled Baratta’s interest in performing and before he knew it he had assembled the band heard here and put plenty of dates on the calendar. Featuring alto saxophone phenom Vincent Herring, guitarist Paul Bollenback and pianist / arranger Bill O’Connell the band burns, boils and cooks over a low flame on 12 tunes from classic soundtracks composed by Nino Rota, Burt Bacharach, Henry Mancini and others

Title: **Trio in Motion**
 Artist: **ALAN BROADBENT TRIO**

The Alan Broadbent Trio's previous Savant release, New York Notes (SCD 2166), received rave reviews in the international press. The Guardian (UK) wrote, "The bubbling stream of notes is both unpredictable and inevitable, and following its twists and turns is a joy." Couleurs Jazz (France) proclaimed, "Behold! A precious gem of a jazz recording." "Trio in Motion" finds Broadbent, Billy Mintz and Harvie S reunited in the pianist's New York apartment-studio recording music that is spontaneous, surprising, possessing a sly humor and emotionally involving. Broadbent received two Grammy awards and has collaborated with Natalie Cole (Unforgettable), Herbie Hancock, Sonny Rollins, Diana Krall and Paul McCartney. Each tune on the setlist is imbued with a warm intimacy and the refreshing, slightly piquant glow of intensity which warms both the listener's heart and mind..

Title: **Greatest Hits**
Artist: **GOLDEN GATE QUARTET**

The Golden Gate Quartet has existed since 1934.

Founded by four students under the name The Golden Gate Jubilee Singers, they are one of the most successful performers of gospel music.

They came from very religious families and initially sang in churches and on local radio stations. This increased the quartet's popularity. Only four years later they performed at Carnegie Hall.

Some years later they toured Africa, Europe and Japan. With songs like „Golden Gate Gospel Train“ or „When the Saints go Marchin In“ they became famous worldwide. With changing line-ups the Golden Gate Quartet is still successful today.
