Title: **Ultra Psychic Nightmares**  
Artist: **STYGIAN SHORE**

**Stygian Shore - „Ultra Psychic Nightmares“.**

**Sales Facts:**

- produced by Mark Shelton (Manilla Road), 1985.
- the previously unreleased first album, available for the first time on CD
- straight US-Metal from Kansas

When Wichita in Kansas comes to mind, any reasonably informed metal fan thinks of Manilla Road, the iconic epic metal band led by Mark Shelton (RIP).

The band's own label Roadster released the mini-LP „Stygian Shore“ back in 1984, which is highly coveted among collectors today and has of course been re-released on CD and LP in recent years. The fact that there should have been a complete album a year later, which was also (almost) finished, was probably forgotten over the years by all the involved. Three songs were re-recorded later (2007) for the CD „The Shore Will Arise“.

After Mark Shelton's sudden death in 2018, bassist Phil Ross took the collection of cassettes and tapes from the damp basement of Midgard Studio to save them from greater damage.

On one of the countless tapes it was finally found: the unreleased album „Stygian Shore“ or at least as a pre-release mix!

The band members, especially Greg Marshall (bass, vocals), were immediately thrilled and released the recordings as a small vinyl edition on Phil's label Postmortem Apocalypse. And now it's finally coming to a CD version on Golden Core!

When this announcement was written, negotiations about possible bonus tracks were still in progress.

Title: **80s Techno Tracks - Vinyl Edition 1**  
Artist: **VARIOUS**

Our compilation series „80s Techno Tracks“ is now available for all record lovers as a **vinyl** edition!

The techno movement originated at the end of the 1980s. More and more DJs were played harder beats, e.g. at the legendary „Dorian Grey“ in Frankfurt. By doing so, they became pioneers of this kind of techno sound that is still indispensable in clubs today.

This vinyl features 8 extra-long versions of hand-picked techno classics.

Title: **Porgy & Bess**

Artist: **ELLA FITZGERALD / LOUIS ARMSTRONG**

Vinyl

**Porgy & Bess** - the jazz opera by George Gershwin, is truly a milestone in jazz history.

It describes the life of African Americans in the black settlement of Catfish Row in Charleston around 1870 and tells the touching love story between **Porgy & Bess**.

This eponymous album by Ella Fitzgerald and Louis Armstrong presents a magnificent selection of the best pieces from Gershwin's opera and is a jewel that no jazz collection should be without.

Dino - that's what his friends called him. And Dean Martin had a lot of them! First of all, there was the whole Rat Pack - but also everyone else with whom you could have a drink. In his childhood, the son of Italian immigrants could hardly speak English, as an adult he could hardly do without alcohol - and yet he is still one of the most popular crooners in the world. On „**That's Amore**“ he delivers the greatest hits of his long and merry career.

Title: **Love Is A Thief**  
Artist: **EASTWOOD HAZE**

**Eastwood Haze** - a name like something out of a good old Western, not for nothing is it based on the great, silent master Clint Eastwood. But quiet is exactly the opposite of what happens when the five young Austrians plug their guitars into the amplifiers or get behind the drums. Then there is only one thing: loud, powerful rocking, full of energy, always straight ahead! In the style of Eastwood's great roles, „noise and action“ is the order of the day - but „depth and meaning“ are not neglected either.

After the first releases „**Back Home**“, which reached **number 1** in three music download categories on Amazon, „Body Swing“ and „Tombstone“, the second album „**Love is a thief**“ will finally be released on 8 October. Eastwood Haze skilfully rock and roll their way through blues-rock territory, ten tracks full of guitars, a smoky voice and simply fun music. Sometimes it gets funky, then a bit jazzy and again bluesy. But all songs have one thing in common: they are the finest classic rock in the best sense of five musicians who live and love this music with every fibre of their bodies.

Title: **Songs**  
Artist: **JAZZY**

On her album „Songs“, no two numbers are alike and Jazzy literally touches the most diverse genres and listener groups. References such as Adele or Christina Aguilera do not force themselves on the listener, but arise quite naturally. Or Amy Winehouse, who Jazzy herself mentions in the lyrics of „Question“. In keeping with her stage name, the album is of course also full of jazz, but not in the stuffy big band manner, but in an exciting and contemporary way. But the 17-year-old has not only jazz in her voice and heart, but also a lot of soul in her tunes and her timbre. This comes into its own especially in a sustained and orchestral number like „Alive“. In addition to subtlety, the exceptional vocalist can also be damn sexy, as with the smasher „BodyTalk“, and sometimes incorporates a hip-hop part or two. The all-rounder also has international R'n'B a la Beyoncé and real rock with „Full Volume“. Thanks to her youth, everything sounds incredibly fresh and fascinating, but at the same time very mature for her age.

On „Songs“ there are twelve first-class compositions and of course twelve first-class realisations full of strength, substance and sovereignty. And full of funkyness and nonchalance.

With this performance, the big career should work out and Jazzy should recommend herself for great things. Especially since the strict jurors of the Berlin Initiative Musik have decided to support the „little girl with the big voice“ (SCHALL).

And why not a James Bond theme song? What Billie Eilish and Adele can do, Jazzy can do too. On „Songs“ there would indeed be one or two suitable 007 sound candidates.

Licence to sing and to groove? Jazzy has them both
