Title: **South African Edition**Artist: **SMALL KINGDOM**

Now available on vinyl!

Small Kingdom is an exceptional singer-songwriter experience that focuses on African music without being afraid to combine it with other styles of Western music.

The band was originally formed with the intention of combining classical music with popular music from all over the world.

Finally, the band decided to focus on South African music and started composing for the new album in cooperation with other great artists from Johannesburg and Cape Town.

Impressive South African female vocalists such as **Zamajobe Sithole, Melanie Scholtz and Monique Hellenberg** will be featured as part of this project.

In the course of the upcoming tour, these singers will perform, one after the other, at different dates, while the well-known singer and guitarist **Ron Spielman** will play at each of these concerts.

Inspired by the centenary of Nelson Mandela's birth, the band named their new album „**South African Edition**“. It will be released in April 2022 by ZYX Music.

Title: **Yoga**
Artist: **VARIOUS**

Yoga!

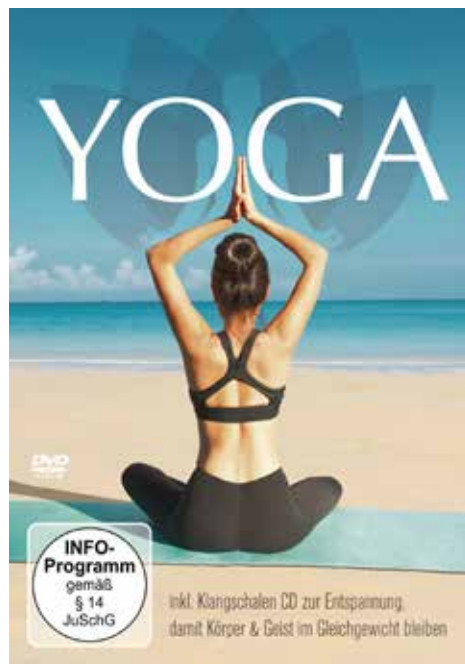

For many years now, the yoga wave has been unstoppable - whether top athletes, Hollywood stars or politicians: it's hard to imagine fitness studios without yoga. But also at home.

This form of relaxation is also becoming increasingly popular at home.

This DVCD offers a flowing yoga lesson that is divided into different sequences so that you can practise them separately.

The individual parts build on each other and aim to relieve and stabilise your back, especially in the lumbar region. The positions presented are designed to strengthen the whole body. All this is embedded in a harmonious flow that is both fun and challenging. The asanas (exercises) are chosen so that every practitioner can do them with a little practice. The programme is particularly suitable for people who sit frequently and for long periods of time, as much emphasis is placed on a healthy stretching of the hip flexors.

For further wellness and relaxation moments, the enclosed CD with its wonderful and enchanting singing bowl melodies is perfect for meditation, deep relaxation or even falling asleep.

Title: **In Victory**

Artist: **SINSID**

“**In Victory**” is a follow-up to 2020’s “Enter the Gates” and is most definitely an album that will get defenders of Old-School Heavy Metal excited about! Through the album’s 9 non-stop headbanging tracks, an epic journey will unfold where fans will identify everything that made the genre great – anthemic choruses and solos, hard-hitting riffs and faith in Heavy Metal as a symbol of brotherhood and the fight against Evil.

SINSID’s new album shows the Norwegian quintet at its best, inspired and never so powerful. One thing that’s more evident compared to previous works “Mission from Hell” (2018) and “Enter the Gates” (2020) is the more frequent use of the double bass drum. The band sounds as good as ever with an improved contemporary production which however still managed to maintain that “old school” feeling.

Originally formed in 2012, **SINSID**’s influences include anything from the blues and rock to metal and Viking or thrash but the very core of the band is, unmistakably, traditional heavy metal. The band’s debut triumphantly introduced SINSID to the metal world and quickly gained the band a massive new following, with reviews referring to it as “good old, honest, working-class metal” and “couldn’t be more metal if it was hammered over an anvil!”

Title: **Act II: Walls of the Forgotten**Artist: **THE CROSS**

Legendary Brazilian Doom Metal act **THE CROSS** will be releasing its second full-length, five years after the band's debut.

THE CROSS is recognised as the first doom metal band in Brazil, founded in Salvador - Bahia by Eduardo „Slayer“ Mota in 1990 with the band's sound and style inspired by bands such as Black Sabbath, Candlemass, and Trouble. In the band's own words: „Our album describes the new age of The Cross. We feel like we've finally reached our perfect line-up, and this album shows it by itself. **“Act II”** is an album written in the middle of the pandemic, with every member working separately, and when we finally managed to be together, everything simply clicked. The album deals with a variety of mythological and historical themes, Lovecraft-inspired themes and also inner suffering.”

“Act II: Walls of the Forgotten” features a number of notable guests, all of whom vastly contributing to the overall result: Albert Bell (FORSAKEN, NOMAD SON), Leo Stivala (FORSAKEN), Achraf Loudiy (AETERNAM) and, last but certainly not least, Aaron Stainthorpe (MY DYING BRIDE).
