Title: **Seasons Pt. 1**Artist: **JAN HAMMER**

Profiled keyboardist, highly decorated hit composer and musical multi-stylist: For **Jan Hammer**, genre boundaries have always been there to be crossed. His extensive body of work spans a spectrum from jazz and prog to classical and pop.

After an almost 10-year break from records, the Czech-born exceptional artist released his album in 2018: „**Seasons Pt. 1**“ - now the follow-up, „Seasons Pt. 2“, is in the starting blocks. During the Corona break, most people had enough time: some renovated their house, others learned an instrument - and a musical multi-talent like **Jan Hammer** used the time to compose, record and produce his new album. Single-handedly, of course. The result is a worthy successor to his critically acclaimed album „Seasons Pt. 1“. „Seasons Pt.2“ contains 14 instrumental pieces, sometimes classical, sometimes jazzy, then again loungey. Although no single style can define the album, Hammer himself describes it as „cinematic“ and a collection of „**pop songs without words.**“

Title: **Heavy Metal Things**  
Artist: **VARIOUS**

- Heavy Metal Sampler with underground hits and cult songs
- includes the „golden eighties“ with songs from 1981 to 1988
- vinyl only** (no digital version)!
- EYECATCHER: attractive cover with homage to the „Stranger Things“ series
- printed inner sleeve with essay about 80s Metal and many photos
- with a new vinyl remaster of the Manilla Road classic „Necropolis“

Despite the vinyl boom, which is even more pronounced in scene-heavy music genres than in pop music, there have been few compilations on LP in recent years. Yet compilations were an equally important part of the seventies and eighties, precisely in the time when vinyl was the common medium and a mixtape was just a tape. „**Heavy Metal Things**“ of course alludes to the successful TV series „Stranger Things“, which was set in the eighties and created a lifestyle desire all its own among young people. Despite the exciting plot, you experience a time that was simpler and more relaxed in some respects after all - despite the Cold War and unsafe nuclear power plants. The record (and surprisingly even the cassette) belongs to this time, which overlaps with the heyday of heavy metal. In scene circles, therefore, the phrase „golden eighties“ often appears, because pretty much every metal subgenre was invented here or at least already sounded. A rough style, partly still ostracized by society, became a commercial success. Even the nineties, peppered with grunge and crossover, could not prevent the return of traditional heavy metal in the 2000s. And through the series „Stranger Things“, young people become aware of songs and bands that, as a result, shoot back into the charts after more than 30 years.

Nevertheless, the **LP „Heavy Metal Things“** is not a compilation with the big hits of the mega acts in this segment. On the contrary! It shows which exciting acts from the USA and Europe were not blessed with mass success at first, but have been discovered by curious and interested genre fans in the meantime. So you could see bands like **Manilla Road** at festivals like Hellfest, **Sweden Rock** or **Maryland Death** in the last years. Cult groups like **Griffin** (USA), **Witchfynde**, Malleus or **Dark Wizard** also returned to the stages. The underground is indeed a bigger deal in heavy metal than one would first assume with the term.

Title: **Thru' To You**  
Artist: **STARSTRUCK**

**Starstruck - „Thru' To You“ — NOW ON VINYL!**

Once again Golden Core successfully brings to light a forgotten pearl from the German Metal Underground, even if the word hard rock would be just as appropriate in this case. In 1984 the band **STARSTRUCK** from Karlsruhe released their only musical sign of life: the LP „Thru' To You“. Geographically, the band was located quite close to GAMA Records, which was based in Kirchheim/Teck and recognised the potential of the group, which was already popular in the region. The disc was recorded at Spygel Studio with support of engineer Batze Kramer. That Batze Kramer, who already refined cult discs by bands like Tyrant, Stormwitch, Bloody Six, Vampyr, Gravestone, Restless or Necronomicon! „Thru' To You“ is pure zeitgeist reflected by the music as well as by the cover, which on closer examination shows a lot of humour. Karlsruhe, Stuttgart, Heidelberg - melodic heavy metal has always been more popular in this metropolitan area than in the Ruhr or the north. Only Munich also became known for its tendency towards AOR. **Starstruck** skilfully play the golden mean between toughness and radio-friendliness, which could have become a formula for success given the well-arranged songs and the playing skills. Unfortunately, GAMA was not able to promote the album adequately. At least it was also licensed by Mausoleum (Belgium) a year later, and then also on CD for the first time in 1990 (Aurophon, Brainstorm series). Golden Core already drew attention to **Starstruck** in 2021, when one of their tracks became part of the compilation „**Sound & Action - Rare German Heavy Metal & Hardrock Vol. 1**“. Now, for the first time, a remastered version of the iconic album will be available on CD, and later that year also on **vinyl**. Finally!

Title: **Eulogy Of The Gods**  
Artist: **CLAYMOREAN**

-EXCLUSIVE VINYL VERSION (worldwide) -EPIC METAL FOR FANS OF EARLY MANOWAR, MANILLA ROAD OR WARLORD -ESTABLISHED FOR MANY YEARS IN THE UNDERGROUND SCENE -DEJANA GARCEVIC IS CURRENTLY ONE OF THE BEST EUROPEAN METAL SINGERS The third studio album by the Serbian band **CLAYMOREAN** around frontwoman Dejana Garcevic has already been released as a CD in September 2021 at Stormspell Records, USA. Here are just a few quotes from the reviews, which are all strong arguments for this masterpiece: „We are facing an epic heavy metal in every sense of the word; the voice of its vocalist Dejana Betsa Garčević is one of the most interesting features in **Claymorean** music; it transits through a scraped and clean timbre that without any problem reaches high notes, evolves perfectly according to the songs.“ (Metal Rules Magazine) „If you love Manilla Road and ,80s female-fronted traditional metal such as Chastain or Warlock, Eulogy for the Gods is going to be right up your alley.“ (The Metal Crypt Magazine) „‘Eulogy...’ is an album packed full of battle-ready songs with enough cheese to feed the Great Heathen Horde itself and if this is the sort of genre which tickles your fancy, then complete the quest, your reward is one of the best epic power metal albums of the year.“ (Metal-Digest.com)

Title: **Back To The Music (1977)**Artist: **MASS**

The history of **Mass** goes back to 1973, when Günther V. Radny (the V. stands for Viktor) started the formation Black Mass with singer Josef Hartl, guitarist Walter Speck and Swiss drummer Charles Frey (now known as Akron). After Speck dropped out due to psychological problems with fatal consequences, he was replaced by Saarbrücken guitarist Gerd Schneider, who had previously played with Scorpions drummer Hermann Erbel aka Herman Rarebell in RS Rindfleisch. Schneider, however, had to leave after a year because of massive drug problems and was replaced by the English guitarist Mick Thackeray (The Merseys), who played in Switzerland with the Slaves and Countdowns, and in Munich with Abi Ofarim. At the same time Johannes Eder, coming from the English band I Drive, replaced drummer Frey, who according to Radny had „gone on a book tour“. In addition, the band name was shortened to **Mass**. In this line-up, MASS recorded an album in April 1975 at Studio 70 in Munich with Dave Siddle at the mixing desk, who had worked with the Beatles, Jimy Hendrix, Jeff Beck, Animals and Deep Purple, among others. Due to singer Josef Hartl's drug problems, this album was never released. Unfortunately, these tapes have been lost to this day. But that was not enough of the troubled times: One year later Hartl (drug problems, died 1998) and Thackeray (excessive alcohol consumption), had to leave. With Detlef „Dave“ Schreiber, who had come from Berlin, as the new guitarist, the formation was stabilised as a trio for the first time in 1976. In 1977, the album „**Back To The Music**“ was released by United Artists Records (Hawkwind, ELO, Don McLean). As a result, **Mass** became known as a partly boogie-oriented hard rock group, then as a heavy metal band, and today enjoy pioneer status similar to Accept, Scorpions, Trance or Fargo. After temporarily changing their name to Monsters, band boss Günther V Radny recently returned with **Mass** and delivered an acclaimed reunion CD. The band was also recently honoured by Golden Core/ZYX, as one track each from Mass and Monsters can be found on the compilation „**Sound & Action-German Hardrock & Heavy Metal Rarities Vol. 1**“. In the course of this contact, the long overdue idea came up to offer Mass' debut album for the first time on CD (and again on **vinyl**).

Title: **On Tour**Artist: **LIMERICK**

**Limerick On Tour** - 40th Anniversary Edition Facts: -First re-release of this forgotten hard rock and German rock gem from 1982. -including the rare 7" single from 1980 -recorded at Olympia Studio, Munich (Amon Düül II, Oktagon, Zoff) Krautrock and Heavy Metal collectors have known it for a long time: many hidden treasures can be found in the regional scenes of the seventies and eighties. For example, most rare singles and albums of the NWOBHM (New Wave Of British Heavy Metal, 1978-1984) are from local acts to sell at gigs and in the local record store. You can also find them in Germany. Golden Core dug deep as usual and came across **Limerick** from Pirmasens. **Limerick** were founded in 1978 and went through several line-up changes until the recording of their first single „Hard Work“ / „Alaska Nights“ in 1980. This rarity, found here as a bonus track, already shows with the rocking A-side that the young gentlemen were definitely turned towards hard rock, while the B-side reminds of some of the glam heroes of that time. A quite successful composition and especially today a very exciting mixture! The Saarländische Rundfunk became aware of Limerick and so they played in 1981 at the student festival of the SR1 (among others with Thomas Orner) at the Johanner Markt and were supported by the cult presenter Manfred Sexauer. In 1982 they already shared the stage in Saarbrücken with greats like Kim Wilde, which brought the SWR show „Glaskasten“ on the scene, where they appeared several times in a row. The supra-regional success already beckoned, which did not remain unnoticed also Ralf Siegel, who engaged himself for the production of an LP. The LP „**On Tour**“ was recorded in the Olympia Studios in Munich and contains 12 German-language original compositions. The partly quite hard and rough material was presented in 1982/1983 among others as special guest of the Climax Blues Band and the Teenie-Stars Speedy (CD/LP re-release on Golden Core). Four-digit attendance figures were no longer a rarity at Limerick. They were also allowed to perform at the famous Quartier Latin in Berlin. In 1984 the band disbanded without officially breaking up. Both guitarists changed to the metal band Steel. Since 2013 **Limerick** are active again in the LP line up and have released, again regionally, a new single. „**On Tour**“ is a forgotten pearl of German hard rock, partly with 70s punch. Comparisons with some rarities of the NWOBHM can't be denied, even if Limerick leave the heavy path here and there and then offer perfect German rock. The LP and the single were overdubbed by Patrick Engel (Metal Blade, High Roller Records etc.) and restored and remastered by **Neudi**.

Title: **Until The Battle Is Won**

Artist: **MORBID JESTER**

## Morbid Jester - Until The Battle Is Won

Even in 1994, good and exciting traditional metal albums were being recorded while „out there“ grunge and crossover were raging. **Morbid Jester** from Herborn started in 1988 under the name MILZBRAND (German for anthrax) and initially played punk. But the love for heavy metal prevailed among the members, so that in 1992 they recorded their first demo as **MORBID JESTER**, which sold more than 400 copies regionally. The press also reacted enthusiastically, so the next step was to record their first album: „**Until The Battle Is Won**“. This gem of German metal art was released on CD in 1994 and was produced by S.L. Coe at Dust Studios. S.L. Coe might be known to die-hard metal fans as the singer of SCANNER and on the second LP of ANGEL DUST. Around 2000 copies of the self-production (!) were sold, including many copies in Greece and Japan. Performances with e.g. SAXON were only a logical consequence. In this bad decade for classic heavy metal from doom to thrash, **MORBID JESTER** continued to persevere and followed up with another self-production before the line-up changed. Nevertheless, the group is still active (current album „Something Wicked“ released in 2016). On „**Until The Battle Is Won**“, **MORBID JESTER** combine elements of German metal with a US metal precision, resulting in a particularly unique sound mixture. The transparent yet powerful production emphasises the great quality of the songs. The respectful remastering for this re-release brings all the benefits up a notch. With the original CD on its way to becoming an expensive rarity, this new version comes just in time.

Title: **Talking Loud**  
Artist: **AJAY MATHUR**

„One thing all his songs on Talking Loud have in common is that they put you in a good mood.“ – Madame Women’s Magazine, May ,22

„A wealth of musical diversity rarely found.“

– Guitar & Bass, May ,22

„**Ajay Mathur**, despite great comparisons, is somehow incomparable.“

– Schall, April ,22

Really good music.“ – AUDIO Pearls, AUDIO Magazine, May ,22

„It’s no accident that [...] energy and diversity have gone into TALKING LOUD.“ – Classic Rock, May ,22

„The Grammy-nominated Swiss-by-choice [...] knows how to combine different styles like no other.“

– Petra Women’s Magazine, May ,22

„**Talking Loud** delivers radio-friendly rock pop songs that are at their best when Ajay lets his ideas run wild“

– Piranha Magazine, May ,22

Eclectic, grounded and always surprising – that’s one way to describe the extraordinary trademark sound of Grammy-nominated singer-songwriter Ajay Mathur. A musical cosmopolitan and smooth shifter between the stylistic worlds, the Swiss by choice with Indian roots now presents with his fifth longplayer „Talking Loud“ probably one of the most multifaceted albums of the year!

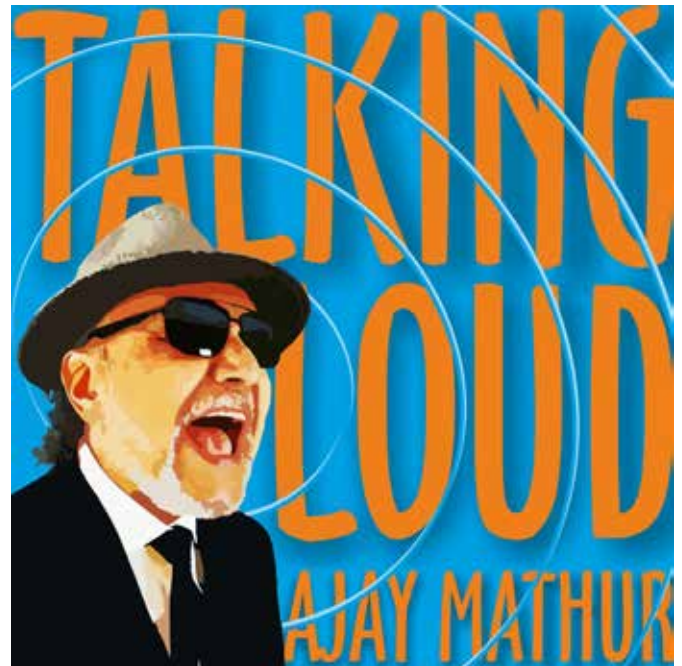

Ajay Mathur does not allow himself to be pressed into any stylistic pigeonholes. Instead of limiting himself to just one genre, the charismatic singer and musician fearlessly lives out his almost childlike joy of experimenting and exploring. A quality that earns him well-meaning comparisons to legends like Jackson Browne, Bob Dylan, David Bowie, Tom Petty, Leonard Cohen and the Beatles.

Title: **Momentum**  
Artist: **Ines-Marie Jaeger**

With „**MOMENTUM**“ Ines-Marie Jaeger presents her second album in an interesting selection of styles and collaborations. The song themes have a common thread. They are the turning points from midlife, Like an unpredictable free fall, as in „Raus aus den Wolken“ or motivating and positive as in „Alles Gut - alles Nice“.

The album „**MOMENTUM**“ comes with 13 songs plus bonus tracks.

There are elements of danceable orchestral pop, soft rock or even urban songwriter feelings in exciting variety together with cinematic ballads. A valuable sound, fresh and new - urban musically up-to-date.

Title: **Music in Film: The Sequel**  
Artist: **RICHARD BARATTA**

The one thing all but one of the works on this recording have in common is that they were used in a motion picture, though only six of the eleven songs were written for a specific movie. They cover a fairly long period of cinematic history with Charlie Chaplin's timeless classic, "Smile" being heard in the earliest and latest films on the list: Modern Times (1936) and Joker (2019). It is interesting to note that the album's leader and drummer, **Richard Baratta**, was an executive producer on Joker. With this Hollywood connection, Baratta's life has been somewhat cinema-centric, but he actually started out as a jazz drummer, working with Butch Morris, Billy Bang, Hal Galper and others. Today Baratta has returned to his jazz roots and his colorful, propulsive drumming is a real highlight of this recording, a follow up to his 2020 release, Music in Film: The Reel Deal. You won't find any lengthy, indulgent solos here but you will smile approvingly at his keenly executed flourishes and mini-breaks. Back in the studio with Baratta is Grammy-nominated arranger and pianist, Bill O'Connell, his years of Latin jazz experience influencing a number of tracks. Alto saxophonist Vincent Herring also returns providing an athletic lead on many selections and some coruscant solo work. With guitarist Paul Bollenback and bassist Michael Goetz rounding out the rhythm section and Paul Rossman providing some additional percussion colors, Richard Baratta takes you on another imaginative, jazz-filled trip to the movies. But you'll have to supply your own popcorn.

Title: **Americana, Vol.2**  
Artist: **JD ALLEN**

Together with *Americana: Musings on Jazz and Blues*, and *Barracoon*, two of **JD Allen's** previous Savant releases, *Americana, Vol. 2* forms a trilogy of sorts, exploring and encapsulating a universal spirit based in roots and reflection. But despite the profound political, racial, financial and historic issues examined by Allen and company, at the central musical core of all three recordings is the underestimated but crucial role the blues has played in the history of jazz and how it continues to evolve and influence the art form today. On *Americana, Vol. 2* Allen continues this investigation with his long-time colleagues Gregg August and Rudy Royston, but is now joined by guitarist Charlie Hunter, who shares not only Allen's interest in the blues and its legacy, but they also share many similar life experiences. As Allen himself says, "(Charlie's) music brings light to me as a listener. When we met, we found out that we grew up in different areas of the country, but our experiences happen to be very similar. That's *Americana* right there. I wanted that on this record." Here the blues not only provides a welcome outlet for tension and gentle melodicism but it also gives us an unflinching look into deep-seated and long-lived injustices, particularly via the almost expressionistic utterances of three trio-only tracks. Once again **JD Allen** shows himself to be a player and composer as remarkable for his directness of communication as he is for the sometimes unforgiving sternness of his message.
