Title: **Immortal Instant**

Artist: **SWEET CHEATER**

Already in 1983 **SWEET CHEATER** was founded in the northern German city of Bremen. The band was influenced by current trends like Metal Church, Metallica, Helstar or Fates Warning as well as by the typical old heroes (Thin Lizzy, Led Zeppelin, etc.). After a demo (partly heard on this CD) the new label called Flametrader (Demon, Savage Grace, Cancer, Siren, etc.) beckoned with a record deal and the debut „Immortal Instant“ was recorded at HGM Studios (Black Fate, Siren, Dissidenten, etc.). The result was not only well received by the fans, but also earned very good reviews - which was already something special for a German band not dedicated to thrash in 1986! Unfortunately, the line-up fell apart before they got back together, albeit under the new name Secrecy. After renewed line-up changes, they finally managed to release an acclaimed album („Art In Motion“) via Noise Records in 1990, followed by „Raging Romance“ Noise Rec., 1991).

The only album by/as **SWEET CHEATER** has unfortunately been released illegally on CD quite often in recent years, so guitarist Mick Sebastian and Golden Core have gone the extra mile to make this re-release worthy and definitive. This includes a perfect overdubbing with audio cleaning by Patrick Engel (Metal Blade, High Roller, etc.) and a respectful remastering by **Neudi** (Manilla Road, Griffin, Blues Pills, Avatarium, etc.). The 20 pages booklet including liner notes (interview with Mick Sebastian) and lyrics, as well as numerous rare photos and illustrations.

**Golden Core is happy to close another important re-release gap!**

Title: **Life Cycle**  
 Artist: **SIEGES EVEN**

When the Thrash Metal band Sodom from Munich made some noise in the city's youth centers, no one had a clue what an influential, still today unbelievable work the group, renamed Sieges Even in 1987, would present in 1988: The debut „**Life Cycle**“. There were definitely sophisticated heavy bands in Germany, but the later founded (!) Mekong Delta were the only ones at that time who consciously used elements of progressive rock (King Crimson, Yes, etc.). Instead, insiders were still trying to grasp the first LP of the US band „Watchtower“, that strongly influenced Dream Theater in their beginning. „**Life Cycle**“ by **Sieges Even** is in no way inferior to all the aforementioned bands and albums, and additionally impresses in terms of production. This development was already impressively demonstrated on the demo tape „Repression And Resistance“. Despite the insanely complex material, **Sieges Even** manage to keep the metal and thrash portion so high on this album that even uninitiated listeners grabbed it when the LP hit the stores in 1988 (Steamhammer/SPV). Even Epic Metal elements creep into the mostly overlong tracks („Straggler Of Atlantis“, „David“), whose lyrical contents are far away from the textual monotony that has been in line with the zeitgeist (death, devil, party). The album was produced at Karo Studio by Kalle Trapp. Especially in rock and metal circles at the end of the eighties, he was a wanted man. „**Life Cycle**“ occupies a special status in the discography of this special band from Munich, because the thrash portion already decreased with the successor and over the years, also with the successor band Subsignal, they started aiming at other target groups. Moreover, Franz Herde's distinctive voice only features the band's first two releases. Until now, this classic was in fact only available in the LP or CD version from 1988 and as a second hand product. Golden Core is proud to re-release this groundbreaking album in remastered form.

Title: **The Benny Goodman Story**

Artist: **BENNY GOODMAN**

**The Benny Goodman Story:** No one pioneered jazz like **Benny Goodman** (1909-1986)! The radio broadcast of his „Concert at Carnegie Hall“ in 1938 made jazz socially acceptable and a popular genre almost overnight. He was the first band leader to have black and white musicians perform together - a veritable breach of taboo at the time! With hits like **Moonglow**, **Sing, sing, sing, Don't be that way** and **Stompin' at the Savoy**, he became a worldwide star - and is still one of the biggest players in **jazz** today. The Benny Goodman Story: A must-have on **3 CDs!**
