Title: **Legacy Or Destiny**
Artist: **STARSTRIKE**

It was probably **fate** that this record came into being after **10 years**. But it is not only perseverance that characterizes **STARSTRIKE** - that is **Matthias „Wauxl“ Pfaller, Martin Buchmann** and **Andi Gmeinwieser** - but above all professionalism and creativity. And that they know their trade, they have proven for years in well-known and successful bands like **MASS, Grand Sermon, The Cascades, Ravenryde** or **Rock`n`Rodeo**.

On their debut „**Legacy or Destiny**“ the three impressively show how they imagine **Heavy Metal: Diverse and progressive**, but always melodic and powerful. In doing so, they take up the legacy of German metal bands of the first hour such as Helloween, Rage and Accept: From double-bass rockers to hymns and ballads, you'll find everything on this record to make your metal heart beat faster.

„**Legacy or Destiny**“ reflects the themes of our time: money, power, self-destruction, religion and hope - do we resign ourselves to our legacy or do we take our destiny into our own hands? The three guys from **STARSTRIKE** have decided: **Legacy Or Destiny!**

Title: **Mystery**
Artist: **MYSTERY**

In 1988, an employee of **Noise Records** went into business for himself and founded **TRC (The Record Company)**. Besides **Battlefield (EP „We Came To Fight“)**, the **Dirty Strangers (with members of the Rolling Stones)** and the Spanish hard rock band **Helpless**, there was this strange record with the futuristic eye on the cover: **MYSTERY**. When it was released in **1988**, the LP already polarised mercilessly. While the **German Metal Hammer** had to be satisfied with three points and a somewhat helpless review, the English Kerrang reaped a four-K rating and statements like „**What we have here is the most interesting progressive thrash crossover I've heard in a long time**“. Looking back, however, it is clear that the world was not ready for this album in 1988!

Listening to the highly idiosyncratic and definitely also unique pieces of Mystery, one can already assume that there were no young heavy metal fans at work here, wandering along the paths of their idols. **The songs are full of ideas** that most metal musicians would never have had in this form. And also the realisation always gave rise to the suspicion that professional musicians from another genre were commissioned to write and record a heavy metal album here - of course, befitting their status with stage names like **The Lion** or **Mike Battista**. This is exactly what has now come true after years of research and is now being revealed for the **FIRST TIME**. Therefore, the disc should also become an object of desire for a different target group (Krautrock, 70s, Deutschrock)...

LEO LEHR - Interzone, Pudelko

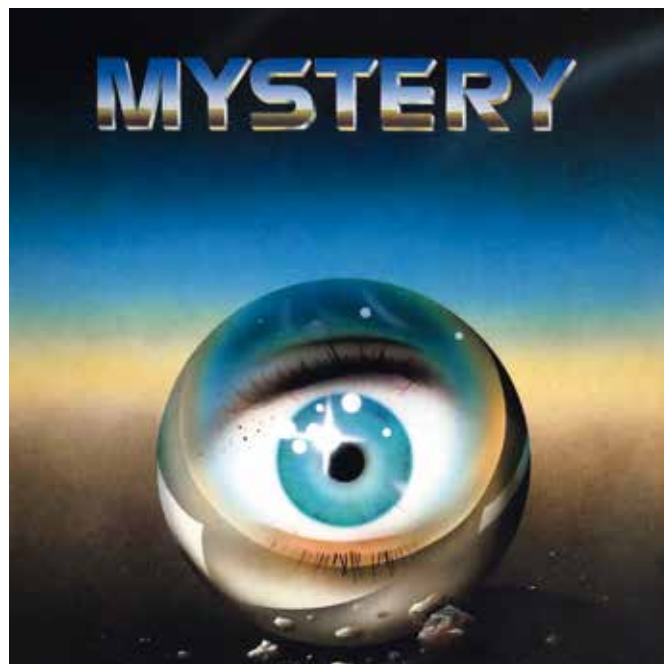

HANSI WALLBAUM - Interzone, Curly Curve, Hamburg Blues Band, Stoppok, Pudelko

INGO BISCHOF - Kraan, Lake, Carthage, Guru Guru, Atlantis, Birth Control

GERT LANGE - Hamburg Blues Band, Mike Harrison

The booklet contains liner notes by singer „**Gerald L.**“ telling the background (including names and places). This is joined by **Neudi** (Manilla Road, Trance, A&R at Golden Core) who, as a big fan of the LP, has been working on „solving the Mystery case“ since the nineties and only succeeded with it in 2022. This led to the re-release at the same time, after the rights situation (there is only one living musician of the Mystery line-up: Gert Lange) could be clarified.

Even today, not every metal fan will find his way into the world of Mystery, but those who do will have found an album for life and will have to give in to the danger of addiction. There have been enough uniform metal albums in the last 40 years, and especially today it is important to discover the records that didn't stand a chance when they were released because they were ahead of their time or simply too unusual and unique. The new knowledge that luminaries from another style area were really at work here only provides the final proof of the quality of this album...which is **guaranteed to exist only once in the world!**

Title: **Be Bop A Lula - The Best Of**
Artist: **JOHNNY HALLYDAY**

When it comes to rock'n'roll, **Johnny Hallyday** is to be spoken of in the same breath as **Chubby Checker**, **Bill Haley**, **Little Richard**.

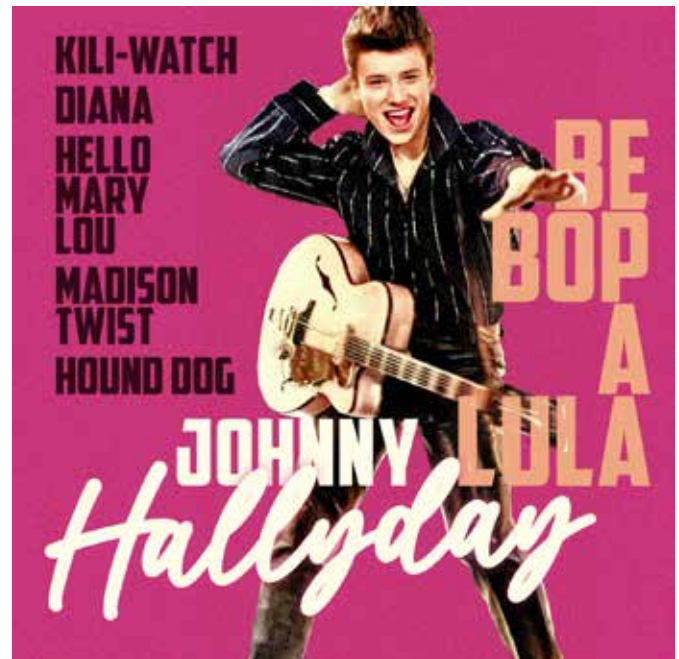

For his songs, he received more **gold records** like hardly any other French artist.

Outside his home country, **Johnny Hallyday** is best known for his English-language hits, such as „**Hello Mary Lou**“, „**Be Bop A Lula**“ and „**Diana**“.

The legendary, exceptional French artist brought rock'n'roll to Europe and especially to France.

Mick Jagger once said

“In France, **Hallyday** is **unattainable**”. That's damn right!
