Title: **Iris**

Artist: **IRIS**

Not much is known about **Iris** from the Stuttgart / Esslingen area.

In 1981, the seven-member band recorded their only album for the small label PEAK, which of course did not have the financial means to mainstream **Iris**. In addition, the sophisticated yet sometimes hard rocking stuff sounded like what is generally called, or can be called, **Krautrock**. Thus, a push towards the **NDW style** that was in vogue at the time was absolutely out of the question.

The transition from the late seventies to the early eighties was musically extremely exciting, even in Germany. **Iris** stuck stylistically more to the seventies, which will bring them new fans posthumously today with this re-release. Also in the hard rock and heavy metal scene there are more and more young bands playing with the sound aesthetics that can also be heard on „**Iris**“. An „outdated sound“ is becoming modern again.

The CD and LP comes with liner notes by expert **Michael Lörber**. In addition, all components of the album, including the lyric sheet, were scanned and added. The audio transfer was done by Patrick Engel (Sony Music, High Roller, etc.), the remastering was done by **Neudi**.

**A piece of German rock history that will not be forgotten in the future!**

Title: **Chapter II**  
Artist: **MARQUIS DE SADE**

Nobody would have expected in 2023 that at the „**Keep It True Festival**“ the whole hall sings along the chorus of „Somewhere Up In The Mountains“, the now very rare single from 1981, and then also a new, practically first album is released! Good times for NWOBHM fans!

**MARQUIS DE SADE** from London were founded in 1979 and besides the today priceless 7“ single „**Somewhere Up In The Mountains/Black Angel**“ there was also a tape with four songs in 1981. Bassist Pete Gordelier subsequently joined Angel Witch and can be heard on several albums. Keyboardist San Remo started Sanctus in 1982, whose collected works (two tapes) were released by High Roller in 2015.

In 2005, the recordings of **MARQUIS DE SADE** (single and tape) were released as a bootleg. High Roller Records finally followed up in 2012 with an official version on CD and LP. In 2015, Roxxcalibur covered the song „Somewhere Up In The Mountains“ on their third successful album „**Gems Of The NWOBHM**“ and helped the track gain additional popularity. These circumstances finally led to the reunion of **MARQUIS DE SADE** in 2019, now with five original members after a death. Old and new ideas were worked out and they finally recorded the first album „Chapter II“ after all these years. At the same time they were able to play the first successful club shows after Corona and finally, in April 2023, the accolade at the renowned scene festival Keep It True near Tauberbischofsheim.

„**Chapter II**“ is not only a feast for NWOBHM fans and lovers of British heavy rock in general, but also features epic and pompous elements of the Magnum brand. The naturally kept production, mastered separately for **CD and vinyl**, makes for an authentic yet powerful listening experience.
