Title: **Liberation**
Artist: **RASH PANZER**

After more than 10 years of silence and 40 years of band history, the Swiss hard rock band Rash Panzer will release their new album „**Liberation**“ on **CD and vinyl** in December! The band was founded in 1979 in Geneva, Switzerland, and has been serving its fans hard, powerful and handmade rock music to the max ever since. After their single „Heavy Leaders“ in 1984, **Rash Panzer** released their first EP, „Rock ,n Roll Street“, in 1988, which was produced by Dennis Weinreich (Jeff Beck, Procol Harum etc.). The following year, they toured the US East Coast extensively and even made it into the US charts. Back in Europe, they recorded the album „Rated X“, this time produced by Rudy Lenner (Scorpions), followed by another live album, „Wild, Raw and Live“, before things slowly became quieter for the band. In 2013, Rash Panzer made their acclaimed comeback releasing the album „Back on the Rocks“, but it was another 10 years before they showed signs of vitality again - but here they are in 2023: Louder, harder and more motivated than ever before! The album „Liberation“ is a huge statement proving that you're never too old for solid hard rock, no matter if you're a musician or a fan!

Title: **Eskhatophonia**
Artist: **STIMMGEWALT**

Dark A Cappella - dark music without instruments. At the end of 2023, with the release of their first studio album **Eskhatophonia**, the band Stimmgewalt defines an entirely new and varied genre. With 7 female and 5 male singers, unexplored worlds of sound are created, whose facets can be rediscovered through each song. The exploration of the dark side of polyphonic singing is thus perfectly successful: an unforgettable listening experience.

On stage, **Stimmgewalt** have already made a name for themselves over the past decade. Now here is their first studio album, produced by Chris Harms (Lord of the Lost).

The common thread threading Eskhatophonia („sounds of the end of all things“) is the end of time and the prophecy of what might await us next. Twelve varied songs draw the listener into an apocalyptic (audio) vision, embedded in the inimitable sound of vocal power.
