Title: **Mumien**  
 Artist: **FLOH DE COLOGNE**

The band was founded on January 20, 1966 by Cologne students, initially as a political cabaret. The group grew out of the Cologne APO [Non-parliamentary Opposition in Germany (Außerparlamentarische Opposition APO)] around the SDS [German Socialist Students' Union], its political orientation evolving over the years towards a clearly dialectical and Marxist position. Independently of each other, group members joined the DKP [German Communist Party] between 1970 and 1973. On September 6, 1970, the band performed at the Fehmarn Festival following Jimi Hendrix; this was their last appearance for a long time. In 1973, Floh from Cologne performed as part of a West German delegation at the 10th World Youth Festival in East Berlin. From 1980, part of the band (with Vridolin Enxing as chairman) was active in "Rock gegen Rechts" [Rock against the extreme right]; in the same year, the band was awarded the Deutscher Kleinkunstpreis with Gerhard Polt. After more than 3,000 concerts in Germany and Europe, Cologne Floh disbanded in May 1983 after a farewell tour. The farewell concert in Cologne's sports hall attracted 6,000 spectators and lasted 14 hours, with the participation of numerous musicians such as Hannes Wader, Dieter Süverkrüp, Franz-Josef Degenhardt, Hanns-Dieter Hüsch, Die 3 Tornados, BAP and Ina Deter. In 2023, the group was awarded the Holger Czukay Honorary Prize by the City of Cologne for its lifetime artistic achievement.

With the rock band cantata „Mumien“, the group reacted in 1974 to the 1973 putsch in Chile, notably by setting to music the last speech of deposed president Salvador Allende. In the same year, the band worked with Hans Werner Henze on alternative musical settings of Chilelied ("Dieser chilenische Sommer war süß" / This Chilean summer was sweet; 1974), lyrics: Rudi Bergmann (\* 1950), first performed on May 31, 1974 in Essen (Grugahalle: memorial concert for Víctor Jara, at the same time a demonstration of solidarity with the resistance in Chile).

„Mumien“ has not yet been reissued on vinyl, and the only CD version (with the album „Vietnam“) dates from 1995.

Title: **Hammerschmitt**  
 Artist: **HAMMERSCHMITT**

- first vinyl reissue of a German Metal classic from 1985
- used originals have been going up in price for years...
- newly remastered, mastered for vinyl
- printed inlay with liner notes, photos and memorabilia
- limited edition!

When an already skilled local hard rock band is fortunate enough to have a guitar hero in its line-up (who unfortunately didn't become famous) and subsequently allows itself to be influenced by Iron Maiden rather than the acts of the seventies, it manages in 1985 to release a metal record of such quality and drive.

There are, of course, reasons why Hammerschmitt gave up the ghost after one LP, and why their album is still rather an open secret today. Even if it is now considered „cult“ - at the time, the cover art was a death blow. The Metal Hammer's critics, important at the time, were clearly only influenced by the visual aspect of the record. What's more, in 1985, the Rockport label was not a leader in the new German metal scene. After the successful albums by hard rockers Trance and the mega-hit „Die Hesse Komme!“ by the Rodgau Monotones, the firm's influence was relatively quickly lost, and other perfectly decent metal bands also paid the price. Had „Hammerschmitt“ been released on a label like Noise, Roadrunner or Steamhammer (with a different cover), the story of the Hessian band would clearly have been different. Nevertheless, the album was released on CD by Karthago Records in 2008 with modified artwork, and received many good reviews posthumously. Young fans took an interest in Hammerschmitt for the first time. Golden Core now offers the first LP reissue with a new remaster. To remain faithful to the original, we've opted for the 1985 cover, which, fortunately, is now described as „typically eighties“, „zeitgeist“ or even „cult“.
