Title: **Sound And Action - Rare German Metal Vol. 4**Artist: **VARIOUS**

Oliver Butz, publisher of the cult fanzine **SOUND & ACTION**, and **Neudi** (musician, journalist) have joined forces for the fourth time, to spend many months digging up **rare** and forgotten bands/songs from the history of German **hard rock** and **heavy metal**.

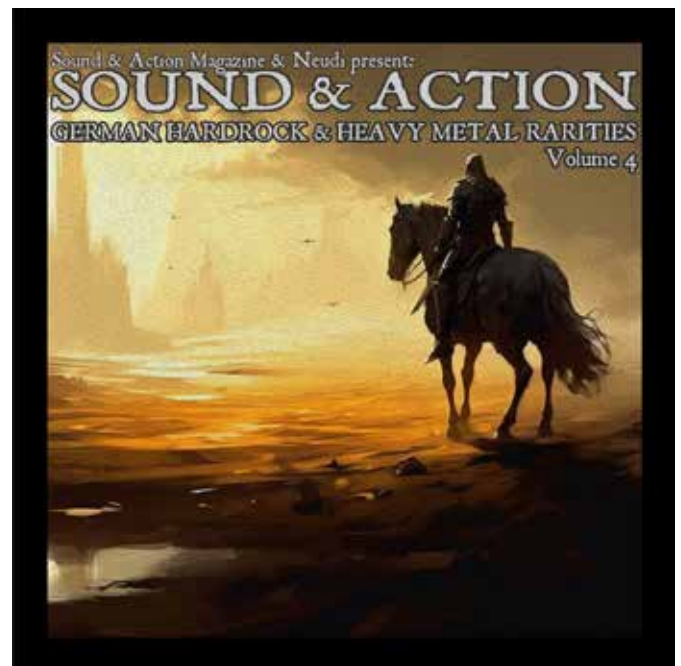

The sources include self-produced albums, singles and EPs as well as sampler contributions (mostly very local) and studio demo tapes. This material has been **carefully restored** and mastered for this double CD, so that the sound quality is astonishing despite the once low budget. The greatest difficulty, however, was once again finding living musicians of the bands included...

Volume 4 of this compilation series shows once again that **German heavy metal** was not only relevant in the early eighties and then again with the rise of **thrash metal**. Even though the attention of the press and some fans in the eighties was all too often drawn to the USA (and previously England), **quality continued** to be delivered from Germany. In the nineties, there were plenty of bands that continued to play a traditional style.

As previously, the booklet contains liner notes and illustrations for each of the 34 contributions.

So the Teutonic history lesson is (once again) perfect!

- Teil 4 der erfolgreichen Compilationreihe zum Thema „Deutsche Metal Raritäten“
- die drei Vorgänger wurden weltweit von Fans und Presse gefeiert
- 35 rare Songs aus den Jahren 1973 bis 1995, von Hardrock bis Thrash Metal
- 20 Seiten Booklet mit Texten und Fotos zu den Bands + Vorwort
- 159 Minuten komplett restauriertes und remastertes Audiomaterial
- Reviews in allen relevanten Magazinen (Print und Online)

Title: **Cherry Tales**
Artist: **TWISTED ROSE**

Twisted Rose are rockin' international stages since 2018 and have already scored several successes with their releases: Among others, third position in the Mexican **charts**, **tenth place** in the Spanish charts and **several best-seller positions** in Amazon's sales charts speak for themselves! **Who are Twisted Rose?** Leading the way is the charming singer **Caro** with her powerful voice, accompanied by **Chris Bones** at the guitar, bassist **Tino** and drummer **Luggy**. Dedicated to the classic rock sound (a la **AC/DC** and **Guns N' Roses**), they're about to conquer the rock world with their own compositions.

Their first live successes include an appearance at the „**Extreme**“ wrestling event, where Twisted Rose won over fans of the tough sport with their hard rock sound. The affinity with wrestling is no coincidence, as guitarist **Chris Bones** was once a professional wrestler himself. Alongside his music, he works in a field that has often found its way into the lyrics of various rock and metal bands: He is the manager of a funeral home - to return to wrestling - Undertaker of sorts. Fittingly, Twisted Rose once opened for the famous „**GraveDigger**“ band. The songs are not composed in the morgue of **Chris Bones'** workplace, but in the modern-equipped recording studio in **Twisted Rose's** hometown of Giebelstadt. With the spirit of their role models and the sound of today, the hard rockers present their songs that need not fear comparison with long-established bands in the genre.

Their high-energy show, which makes fans sweat and rock girls climb, is now known far beyond Franconian borders. An American music magazine once dubbed Twisted Rose „**The new KISS**“, and the German magazine „**MusiX**“ described the band in the following terms: „**The future of straight rock has a name: TWISTED ROSE**“.

Title: **Passing Clouds**Artist: **DIRK JOERES**

Picturesque clouds of sound and wonderfully cozy melodies - „**Passing Clouds**“ by **Dirk Joeres** is a truly extraordinary instrumental album.

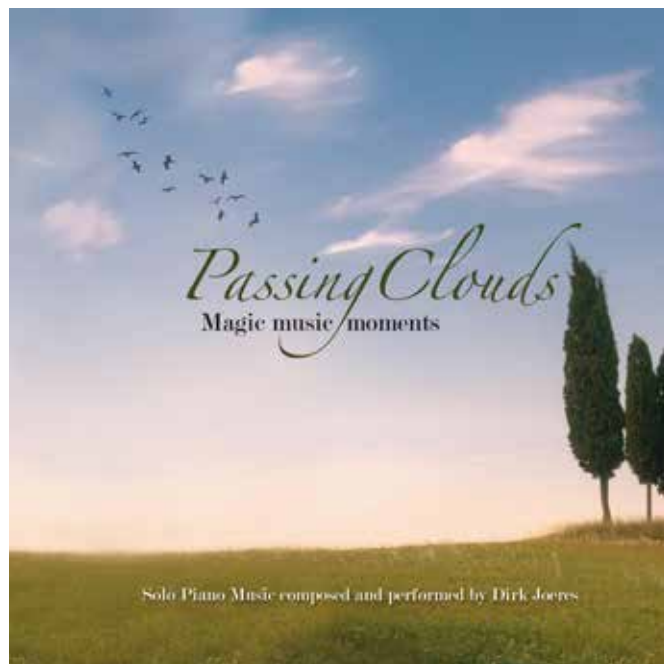

The 14 sophisticated compositions on the LP are filigree, purist and refined. A musical maturity that is no accident: **Dirk Joeres is a highly trained conductor**, composer and world-class pianist who learned the fine art of composition from none other than Nadia Boulanger - the grande dame of musical modernism.

Colleagues describe him as “**a consummate musician with charismatic presence on stage**”, and the New York Times has described his art as being characterized by „**illuminating originality**“.

„**With my music, I strongly favor catchy melodies. And I hope that listeners will find a haven of peace to relax and dream,**“ is how the artist describes his musical miniatures.

Title: **The Latin Side Of McCoy Tyner**
 Artist: **CONRAD HERWIG**

Music has a long history of cultural exchange and fusion, where artists draw inspiration from various traditions to bring forth new and innovative sounds. “**Cultural appropriation**,” a relatively recent term which carries with it the weighty albatross of all sorts of negative connotations, is to be avoided at all costs. But “**musical cross-pollination**” is something else entirely and, when done with respect and musical integrity, it leads to the evolution of rich and diverse musical genres. Conrad Herwig’s current offering is just such a recording. **The Latin Side of McCoy Tyner** is the latest installment in a critically-acclaimed series that started in 1996 with **The Latin Side of John Coltrane**. It’s the work of a musically gifted, bilingual artist, a master trombonist who grew up admiring jazz’s greatest practitioners but, at the same time, cutting his Latin Jazz teeth with legends such as **Mario Bauza, Tito Puente, Paquito D’Rivera** and others. The special guest here with Herwig, giving the recording, and by extension, the entire “**Latin Side of...**” project his personal seal of approval, is the great pianist and composer, **Eddie Palmieri**. Palmieri is surrounded by some of the most respected names in Jazz / Latin Jazz, including **Craig Handy, Bill O’Connell, Alex Norris, Robby Ameen** and others, all playing imaginative and challenging arrangements by **O’Connell** and their fearless leader. In **The Latin Side of McCoy Tyner**, Conrad Herwig goes directly to the very core of Tyner’s compositions and imbues them with the vibrant essence of **Afro-Cuban** and **Afro-Caribbean traditions**.
