Title: **Deadsoul Tribe**
Artist: **DEADSOUL TRIBE**

- first vinyl release of the debut album by **DEADSOUL TRIBE**
- feat. Devon Graves (aka. Buddy Lackey) from **PSYCHOTIC WALTZ**
- epic prog metal for fans of **PSYCHOTIC WALTZ**
- mastered for vinyl, with printed insert
- Limited to 300 copies

When the truly unique band **PSYCHOTIC WALTZ** disbanded in 1997, there was a gap that could only be filled with the creation of **DEADSOUL TRIBE** in 2001. Singer, flautist and figurehead Devon Graves, also known as Buddy Lackey, had moved to Vienna in the meantime because of a relationship, where he found suitable musicians for **DEADSOUL TRIBE**. On the debut "Deadsoul Tribe", Davon Graves still played some instruments himself, but they were already a band with four members. Even though the style may differ from **PSYCHOTIC WALTZ** in some respects, the target group is automatically defined. And even a little broader, because alongside metal and prog you can also hear influences from Tool. The very organic-sounding album received very good reviews and was readily accepted by the fans. The band then played at the Prog Power Europe Festival in Holland. It is astonishing that **DEADSOUL TRIBE**'s albums have not yet been released on vinyl, especially since the **PSYCHOTIC WALTZ 2024** catalog has been reissued (Inside Out/Sony Music). Golden Core are now closing this gap with the first two albums, mastered for vinyl of course and with a printed insert.

The LPs are limited to 300 copies, which are sure to sell out quickly.

Title: **Wenn Ich Ein Vöglein Wär**
Artist: **ANNETTE HARTWIG & ANDREAS HERMEYER**

Beethoven is said to have once stated that he would give his entire fame as a composer for the invention of the folk tune "Innsbruck, ich muß dich lassen". Today, we do not know for sure whether this tradition is true. What is certain, however, is that our folk tunes are the supporting pillar, the foundation on which developments in art music and popular music are built. All nations know this, only we Germans have suppressed and forgotten this fact. Many nations are guests in our country with their traditional songs and dances, and we have made their beautiful songs our own - but we no longer sing our own, the umbilical cord to our traditional songs has been broken. Annette Hartwig and Andreas Hermeyer have gone in search of traces in order to rediscover our beautiful song and bring it back to life in a simple way that does justice to its origins. Their interpretations make everything audible that makes our folk song what it is: the longing, the sorrow, the profound meaning and the lust for life - all paired with a wonderful wealth of melodies. May this recording also bring the essentials closer to the young people of our pop generation in an audible - recognizable - perceptible way! Music for open hearts. Tradition without blinkers for the discerning.

Das Volkslied
Am Brunnen vor dem Tore
Bunt sind schon die Wälder
Guter Mond, du gehst so stille
Das Lieben bringt groß Freud
Das stille Tal
Wenn ich ein Vöglein wär
Sah ein Knab ein Röslein stehn
Auf einem Baum
Der Mond ist aufgegangen
Es klappert die Mühle
Kommt ein Vogel geflogen
Kein schöner Land
