Title: **Looking Back**
Artist: **RICHARD BARATTA**

Richard Baratta has worn many hats over the decades; master drummer, Grammy nominee, film producer, musician, but his latest headwear takes us down a nostalgic road of classic rock and soul recordings from the mid to late 1960's. Here on his most recent recording Baratta, together with his working band, explores such tunes as „Blowin' in the Wind,“ „Purple Haze,“ „I Feel Good,“ „Lucy In The Sky With Diamonds,“ „Whole Lotta Love ,“ „Respect,“ and other rock mega hits. With a real all-star ensemble on hand, the arrangements by pianist Bill O'Connell, are thoroughly swinging affairs with a fresh, unique approach and a funky Latin Jazz feel. As with his Music in Film series, Richard Baratta proves himself to be a gifted innovator at transforming familiar, and often surprising, material into vibrant jazz performances that bring new concepts to these truly iconic tunes and underline their timeless appeal.

Title: **Bird Feathers**
Artist: **JIM SNIDERO**

To mark the 40th anniversary of his debut recording as a bandleader in 1984, alto saxophonist **Jim Snidero** set out to create something special with his 28th album-and his second trio project to date with jazz masters Peter Washington on bass and Joe Farnsworth on drums. Fresh off the success of *For All We Know* (Savant), particularly the standout track „Parkers Mood“, Snidero felt the time was right to pay tribute to Charlie Parker, an artist he regards as „the king of the hill.“ Ranked among the top five alto saxophonists in *Down Beat*’s 2024 Critics Poll, Snidero is more than qualified to honor one of the bebop pioneers.

Title: **Blackout**
Artist: **MEPHISTOS**

Three men and a girl on the drums. Four hearts beating in the same rhythm. Beat for beat. Industrial metal mixed with some elements of gothic rock, Neue Deutsche Härte and electronic. The songs tell of life and death, of the hideousness of love and the graceful loneliness.

Founded in Vienna, they have already released a music video for their first single „Pech Wird Glück“, their first album „Lass Mich“ in 2017 and their second album „Sünder“ in 2021. Their current album „**Blackout**“ is now on sale. With their polarizing lyrics and live shows, they are one of the most controversial metal bands in the Austrian underground scene. The show must go on. Even if the world ends tomorrow, the sad clown will keep dancing. Until the end.

Title: **Escape**
Artist: **TWISTED ROSE**

Twisted Rose have been rocking the international stages since 2018 and have already had some success with their releases. These include third place in the Mexican charts, tenth place in the Spanish charts and several bestseller positions in the Amazon sales charts.

Now they are finally releasing their long-awaited third album **"Escape"**!

Who are Twisted Rose? At the forefront is the charming, powerful-voiced singer Caro, alongside Chris Bones on guitar, bassist Tino and drummer Luggy.

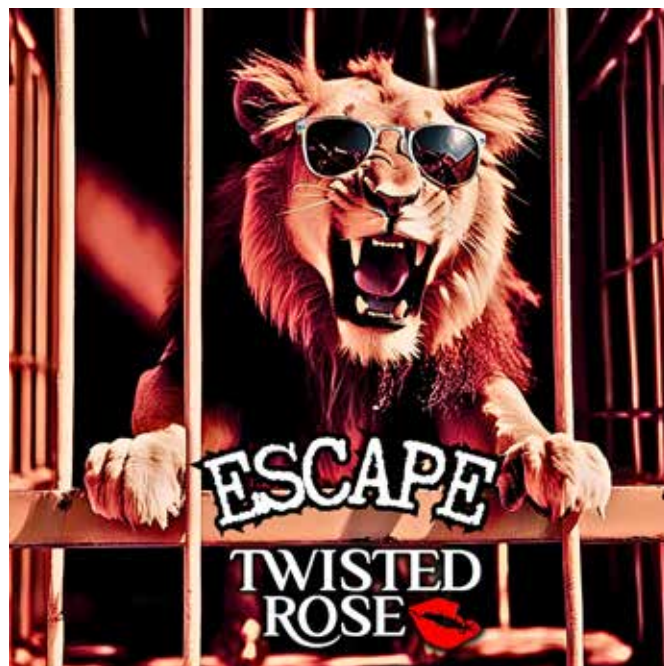

They have dedicated themselves to the classic rock sound (à la AC/DC and Guns N' Roses) and are now preparing to conquer the rock world with their own compositions.

They achieved their first live success with their appearance at the wrestling event „Extreme“, where Twisted Rose won over fans of the tough sport with their hard rock sound. The affinity for wrestling is no coincidence, after all, guitarist Chris Bones was once a professional wrestler himself. In addition to music, he works in an area that has often found its way into the lyrics of various rock and metal bands: he is the manager of a funeral home - to come back to wrestling - an undertaker, so to speak. Fittingly, **Twisted Rose** has also played as an opening act for the well-known band „GraveDigger“.

The songs are not created in the morgue at Chris Bones' workplace, but in the modern recording studio in Giebelstadt, the home town of Twisted Rose. With the spirit of their role models and the sound of today, the hard rockers present their songs, which do not need to fear comparison with long-established formations of the genre.

Their energetic show, which makes the fans sweat and the rock girls escalate, is now known far beyond the Franconian borders.

A US music magazine once called Twisted Rose "The new KISS" and the German magazine "MusiX" described the band with the words: "The future of straight rock music has a name: TWISTED ROSE".
