PRELIMINARY COVER

The second installment of the “**Techno Treasures**” series continues its mission to blur boundaries and build bridges between nostalgic vibes (we used to call it Trance) and modern-day soundscapes (now known as Techno). This time, Chris Kionke delves even deeper into the intersection of these two worlds, boldly casting off all genre constraints. Relentless beats meet hypnotic grooves, euphoric breakdowns, and soaring melodies—creating a sonic journey through time. Perfect for both longtime ravers and today’s dance music heads, this is a call to the dancefloor: hands in the air, together in rhythm, united by sound. Once again, timeless gems from the iconic **MEDIA Records** archive are masterfully blended into a seamless real-time **DJ mix**.

Title: **Bäng**  
Artist: **BIRTH CONTROL**

The first official reissue of the legendary “**BÄNG**” album by **Birth Control**—on CD for the first time since 1997 and on vinyl for the first time since its original 1982 release (excluding a rare 1983 French edition). Fully remastered in 2025 and enhanced with bonus tracks, never-before-released live material, liner notes, and rare photos. Recorded in the early summer of '82 by **Bernd Noske (vocals/drums)**, **Bruno Frenzel (guitar/vocals)**, **Ulrich Klein (keys)**, **Jürgen Goldschmidt (bass)**, and **Stefan Linke (guitar)**, “**BÄNG**” turned out to be the swan song of this iconic band lineup. Returning to a more direct, powerful rock style after their progressive era, Birth Control didn't chase trends—even with the rise of Neue Deutsche Welle and synth-pop. Instead, they stayed true to their roots. Frenzel's lyrics dive deep into dystopian themes, visually echoed by the album's iconic cover: an atomic blast under Marilyn Monroe's skirt. Ignored at the time, today “**BÄNG**” is a fan-favorite cult classic—finally restored in all its raw, rebellious glory.

Title: **Here We Are**  
 Artist: **SPHINX**

Released in 1981, „**Here We Are**“ by **SPHINX** was a visionary blend of progressive rock and heavy metal. The band, formed by sons of Italian guest workers in Stuttgart, mixed powerful guitars with playful keyboards and complex rhythm changes. Guitarist Thomas Metzger, later known as Tommy Newton, shaped the band’s sound. The album was re-released in 1985 under the title „**Burning Lights**“ but never received the recognition it deserved at the time. Today, it is considered a cult classic, especially among metal fans.
