Title: **Human Errors**
 Artist: **MEGACE**

First reissue of the acclaimed 1991 album.

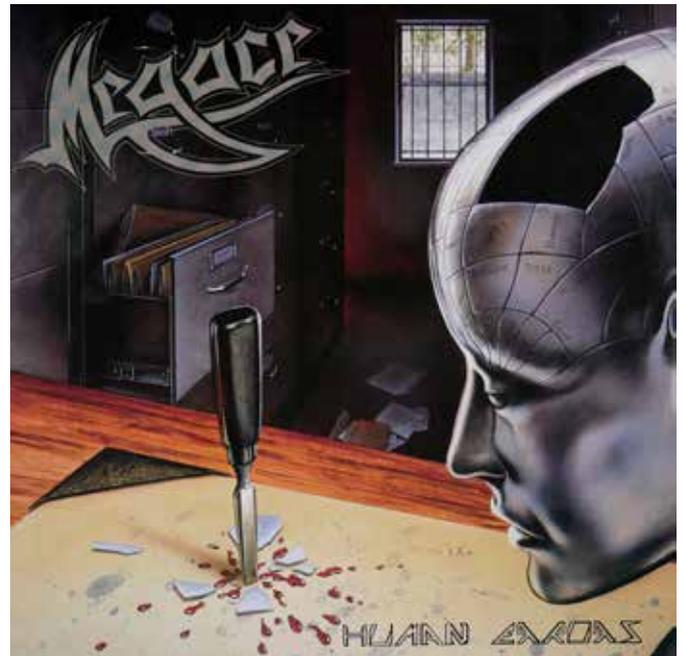

- CD includes two previously unreleased AAARRG-Records demos.
- Completely restored & remastered, separate masters for vinyl and CD.
- For fans of Holy Moses, Target (B), Psychotic Waltz, Realm, Mekong Delta.

In the late ,**80s**, thrash metal had established itself in Germany and played a leading role worldwide. Already at that time, some bands wanted more than just playing fast and aggressive. Thrash metal became more sophisticated and technical.

While other acts initially played straight and later incorporated progressive elements, Hamburg's **MEGACE** delivered a sophisticated thrash package right from their formation in 1988. With vocalist Melanie Bock, who could do both guttural thrash shouting and melodic singing, **MEGACE** stood out from other bands.

After some demo tapes praised by the international press, they signed with 1MF Records. In July 1991, they recorded their debut album „**Human Errors**,“ which received widespread acclaim and still has fans worldwide today.

In 2025, Golden Core releases the first official reissue of this genre classic. The CD version includes the previously unreleased AAARRG Records demos recorded in 1989. The CD features a 16-page booklet; the LP includes a printed insert. Separate masters for **LP** and **CD**!

Title: **Metal - Vinyl Box**
 Artist: **VARIOUS**

Three killer metal records. Three countries. One epic box!

This premium vinyl box set delivers fully remastered reissues of cult albums that today fetch serious cash in their original pressings.

First up: **TARAMIS** from Australia bring epic heavy metal that hits right between Manilla Road, Cirith Ungol, and early Iron Maiden. Originally licensed by Metal Blade (USA) and Roadrunner (EU) in 1987/88, this gem now returns in glory. Next: **QUARTZ**, still rocking after all these years, are the oldest active heavy metal band on the planet—members aged 75 to 80 and still melting faces at festivals like Up The Hammers (Greece) and Courts Of Chaos (France). They're also key players in inventing the NWOBHM. Their LP „Satan's Serenade“ unites two rare EPs for the first time: „Satan's Serenade“ and „Nantucket Sleighride“.

Closing the set: **SCAVENGER** from Belgium. Still active today in a new lineup, they dropped jaws back in 1985 with „Battlefields“ on Mausoleum Records. Classic heavy metal, loud and proud.

Title: **1000x Gelebt**
Artist: **CHAOS MESSERSCHMITT**

The Alpine rock rebels from Leoben are back in the cockpit! In June 2025, **CHAOS MESSERSCHMITT** drop their sixth studio album “**1000x gelebt**”—and it’s all killer, no filler.

These Deutschrock outlaws bring real-life stories to life with emotional lyrics, high-voltage riffs, and raw power from start to finish. Tom’s unmistakable voice cuts through massive guitars and tight rhythm sections like a chainsaw through schnitzel.

Expect three singles with music videos before the album launch—fully backed by **7hard Records**. And once it’s out? They’ll hit the stage like a tornado, blasting through a set of fan-favorites and new bangers, always full throttle, no holds barred.

Big-name festival slots are already booked. 2025 is the year no one escapes **CHAOS MESSERSCHMITT**.

Pure chaos. Pure rock. Pure life.
