Title: **Move Time**Artist: **PASSENGER**

the sophisticated rock/AOR album from 1981 for the first time on CD!

-with members of Eulenspygel, Six Point Six and Krüger & Krakor

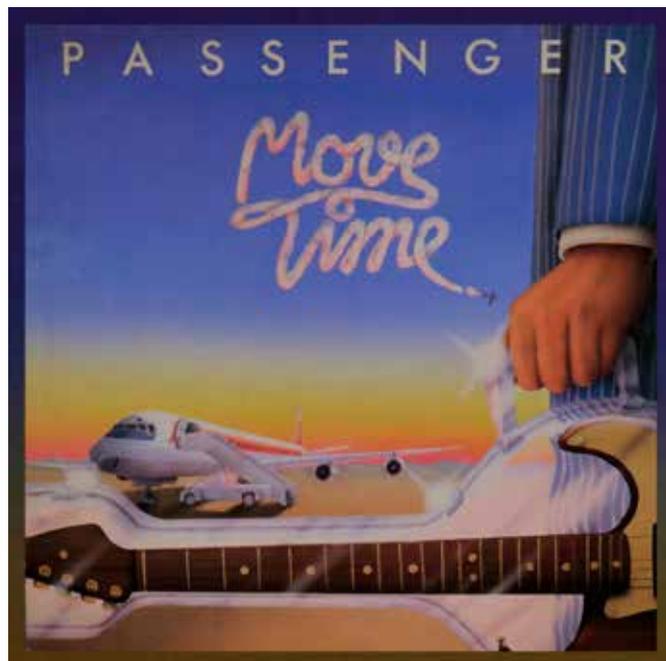

-2025 restored and remastered, exclusive CD design

-for fans of Toto, AOR, 70s rock.

-printed inlay with liner notes, lyrics and many illustrations

PASSENGER was a **German AOR/rock** band from the Stuttgart area. The best-known member was drummer Peter Garattoni, who played in the band Eulenspygel and later also played in Rebel (with John Lawton), Tox, Veto, Midnight Darkness and other bands. With his GAMA music publishing company (he was the general manager at GAMA) and the Spygel recording studio in Kirchheim/Teck, Sri Lanca (aka SL Records) was one of the first labels he worked for. Later, GAMA became better known for heavy metal releases, including acts such as Stormwitch, Gravestone, SDI, Darkness, Necronomicon, Tokyo Blade, Paul Dianno's Battlefield, Sudden Darkness, Vectom, Tyrant, Vampyr and others. Another heavy metal band was Six Point Six. Two members of Passenger can be found in their line-up: Frank Wörner (guitar) and Michael Stahl (bass). Peter Krakor (vocals) and Peter Krüger (keyboards) continued as a pop duo under the name Krüger & Krakor. Passenger was possibly just a studio project.

'**Move Time**' is reminiscent of AOR acts such as Toto, but also conveys a certain 70s feeling. No wonder, as the album was recorded in 1981. And there is no doubt that all the musicians involved were highly talented. Garattoni's wife Li's vocals can be heard in the background. Together they were successful with esoteric music on Sony Music in the 90s and 2000s. This is the first official CD release of '**Move Time**', **exclusively restored and remastered**.

Title: **Inner War**Artist: **MEGACE**

- first vinyl version of the highly acclaimed album from 1991
- produced by Charlie Bauerfeind and Dirk Schlächter
- includes a bonus LP with demo versions and rare, unreleased tracks
- Remaster 2025, mastered for the vinyl medium
- printed inlay with liner notes, lyrics and many illustrations

By the end of the eighties, thrash metal had also established itself in **Germany** and was even playing a leading role **worldwide**. Even at this time, it was no longer enough for some bands to simply play fast and aggressively. Thrash metal became more sophisticated and technical in many cases. In the USA, Watchtower took this to the extreme, followed by several bands in Germany on the Aaarrg Records label (Mekong Delta, Target). While other acts initially played straight and then flirted with progressive elements as their career progressed (Holy Moses, Deathrow, Destruction), Hamburg's **MEGACE** put together a sophisticated package of thrash and prog as soon as the band was founded in 1988. With singer Melanie Bock, they also had a special ace up their sleeve, as she can do both: throaty thrash shouting and melodic vocals. This immediately set **MEGACE** apart from other bands, which gave them an opportunity that they capitalised on. After a few demo tapes, the debut album 'Human Errors' was released, which was consistently praised in the press and still has fans all over the world today (reissue on CD and LP, Golden Core 2025). The second album 'Inner War' was released belatedly in 1999 on the small label Angular (Sylvan, Vanishing Point, Lana Lane). The thrash factor was scaled back a little, while the melodic side of the band and Melanie Bock's clear vocals took centre stage. MEGACE managed this without bending. 1999 was not the perfect time for this style, but the CD found more and more fans over the years and the call for a vinyl edition grew louder. The musicians at the time decided to give Golden Core the exclusive licence.

Title: **Mellow Tones**

Artist: **DENA DEROSE**

Jazz vocalist and pianist **Dena DeRose** is back with a stunning new recording that solidifies her place among the most communicative and sophisticated artists in jazz today. DeRose has captivated audiences with acclaimed albums like *Ode to the Road* (HCD 7323) and *United* (HCD 7279) and here she unveils her latest project, featuring her musical compadres of choice, bassist Martin Wind, and drummer Matt Wilson. Also appearing on two tracks is special guest, the remarkable trombonist Ed Neumeister. This new release showcases DeRose's signature blend of swing and heartfelt balladry underlining her reputation as "a supremely, elegant pianist and singer who exudes an effortless sense of swing" (*Downbeat*). The album is also notable for the first recording of DeRose's own compelling composition, "hold fast to your dreams" based on the poetry of Langston Hughes. Throughout the session, she performs her music with the warmth and insight that have made her a favorite among the jazz cognoscenti.

Title: **Threads Of Time**
 Artist: **ALAN BROADBENT**

„Standard songs, especially jazz standards by my favorite composers-Tadd Dameron, Billy Strayhorn, Horace Silver, Benny Golson, and others-possess a timeless quality that is instantly memorable and beautifully constructed, both melodically and harmonically. I've been learning this craft since I was a teenager, playing through the songs of Duke Ellington and Dave Brubeck. Whenever a melodic inspiration came to me, usually sparked by something that moved me, I used these masters as my models-and I still do.“The songs on this album, spanning some 40 years, have been recorded in various contexts before, but this time I wanted to present them in the classic jazz format of a sextet. Together, the group spans three generations, a testament to the enduring power, seriousness of purpose, and timeless feeling of this music we love.“ - From the liner notes by **Alan Broadbent**.

Title: **Memories, Dreams, Reflections**Artist: **NICOLE GLOVER**

„Nicole Glover’s work embodies a potent paradox at the heart of the art form known as Jazz: in this music, the process of individuation is as much about belonging and sharing as it is about differentiation and idiosyncrasy. To that end, this album is as much a tour-de-force for Glover and her bandmates as it is a tapestry or family-tree of mentors, elders, and peers whose spirits resonate throughout the trio’s sound. Glover’s choice of working with a wide pallet compositionally (with the exception of the Glover originals, each piece on this record was written by a different composer) helps bring this trio’s distinct personality into focus even more. „Glover’s mastery of her instrument is so complete and self-evident that there is no attempt throughout this record to exercise virtuosity for it’s own sake - if anything, one hears restraint, care, intention, and orchestration in every note and every silence.“ - From the liner notes by Or Bareket.

Take The Pain - Harter urbaner - Industrial-Pop mit Hitpotential

Take The Pain wurden von Acts wie Depeche Mode, Marilyn Manson, Placebo und Nine Inch Nails musikalisch sozialisiert: „Ich schreibe nur die Songs, die ich eigentlich schon immer von anderen Bands hören wollte und arbeite dabei mit Künstlern, die ich bewundere an der Umsetzung meiner Ideen“, so der Mastermind „T“ von Take The Pain. Dabei herausgekommen ist ein Gesamtkonzept aus Musik, Gestaltung und Videokunst in musikalischer Form versammelt auf den sechs Tracks der selbstbetitelten Debut-EP Take the Pain, das den musikalischen Pioniergeist der neunziger Jahre wieder auferstehen lässt.
