Title: **Elisir**  
 Artist: **GIGI D'AGOSTINO**

The cult track is back – and better than ever!  
**Elisir** (Your Love), one of **Gigi D'Agostino's** most hypnotic and catchy dance hits, is finally being released as a coloured 12" maxi single – in a strictly limited collector's edition.

Released in **1998**, the track is considered a milestone in Italo dance and remains a staple at retro parties, in clubs and in the hearts of fans. This special edition includes several mixes, including rare versions and club edits that were previously only available on **CD** or in **digital formats**.

**TRACKLIST**

Title: **Generator 7/8**  
 Artist: **MOSKWA TV**

A milestone in electronic club culture returns: **Generator 7/8 by Moskwa TV** is being released for the first time as a **coloured 12"** maxi single – in a strictly limited collector's edition!

Released in 1985, the club hit is considered a pioneer of the **European electro** and **EBM** sound and shaped an entire generation with its driving sequences, powerful vocals and futuristic style. This exclusive reissue includes several mixes of the classic – including rare and extended versions that give the track a **new sound**.

Title: **ZYX Italo Disco Spacesynth Box**

Artist: **VARIOUS**

Ready for the sound of the universe?

With the '**ZYX Italo Disco Spacesynth Box**,' you'll take a unique journey back in time to the golden era of the 1980s, when synthesizers conquered the cosmos. This exclusive collector's box set contains three LPs packed with iconic tracks from the greatest spacesynth legends – **Laserdance, Koto, Hypnosis, Cyber People** and many more.

Whether pulsating basslines, galactic melodies or futuristic soundscapes – this box set celebrates the unmistakable sound that once dominated **dance floors, video games** and **science fiction dreams** alike.

Title: **Cage Company**

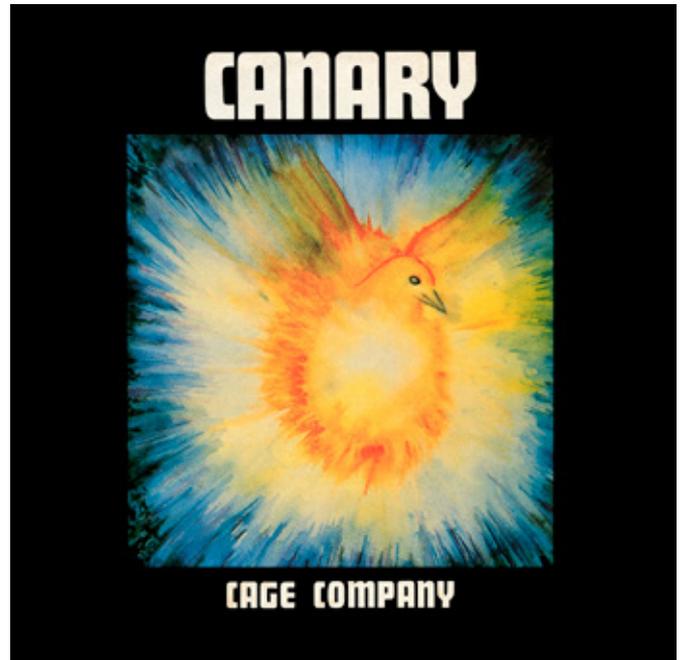

Artist: **CANARY**

- First re-release of the 1981 insider tip and first time on CD
- Restored and remastered, separate CD and vinyl mastering
- Images from the original LP in the booklet/LP inlay
- Mixed by Achim Bosch (Octopus, Sinner, Eulenspygel, Lizard...)

The album '**Cage Company**' by the Mannheim band **CANARY** was released in 1981 and is available today in good condition for no less than 80 euros – if it turns up at all. This is not surprising, as the mixture of hard rock, Krautrock and prog appeals to several target groups...

Not much is known about **CANARY**, and apparently the most important band member, drummer Klaus Jungmann, passed away in December 2024. Mannheim was a creative hotbed for rock music in the 1970s. Just think of Kin Ping Meh, Twenty Sixty Six And Then, or even the early Joy Fleming. CANARY carried this culture forward into the early 1980s. They signed a contract with the SriLanca label (also known as SL Records), which belonged to GAMA Musikverlag. This, in turn, emerged from the milieu of the group Eulenspygel. Achim Bosch's 'Cage Company' was recorded at Spygel Studio between December 1980 and March 1981. Unfortunately, the newly founded SriLanca label did not have the budget to adequately promote the LP and distribute it widely to stores. As a result, 'Cage Company' became an insider tip and a rarity.

Golden Core is making this sophisticated album available again in a restored and remastered version. The booklet, or LP inlay, contains scans/images of the original LP from 1981.

Title: **Live At The Roxy**Artist: **UK SUBS**

- The live album, first released in 1991, is finally available again.
- Remastered in 2025.
- Along with the Sex Pistols and The Clash, one of the most famous UK punk bands ever.
- UK Subs will play again in Wacken in 2025.
- Currently in the mainstream media due to problems entering the USA.

**UK Subs**, founded in 1976, need no introduction. They were part of the first wave of the punk movement in England and are still active today with a changing line-up. In 1991, Receiver Records released the CD and LP 'Live At The Roxy Club'. An unplayed copy of the 1991 pressing cannot be obtained for less than 150 euros.

Whether '**Live At The Roxy Club**' is an EP or an album has not yet been determined. However, the playing time allowed for two versions to be included on the LP. Side 1 contains the 2025 remaster by **Neudi**, while side 2 contains the old master. If you're into unadulterated and authentic punk and punk rock, you can't miss 'Live At The Roxy Club'. The band, which is still active, will also be playing at Wacken this year, which will give them as much media attention as the many press reports about their entry problems into the **USA**.

Title: **Blue Steel / The Man From Utah / The Star Packer**

Artist: **JOHN WAYNE**

**John Wayne – Blue Steel / The Man from Utah / The Star Packer (DVD)**

Experience the young John Wayne in three exciting Western classics from the 1930s! This collection presents the legendary Hollywood hero in early roles, in which he already shines with his unmistakable charm and drive.

Films included:

**Blue Steel (1934):** As an undercover US marshal, Wayne fights against a gang that is terrorising a town.

**The Man from Utah (1934):** A brave cowboy gets involved in a rodeo competition – and uncovers a deadly plot in the process.

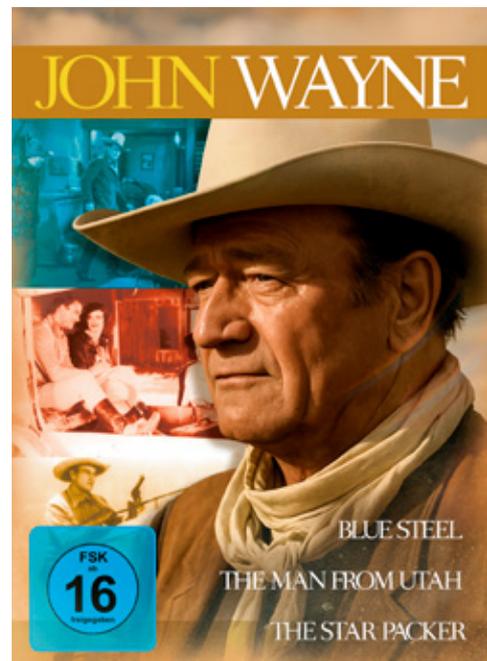

**The Star Packer (1934):** John Wayne plays a fearless lawman hunting a mysterious crime boss who rules an entire village with an iron fist.

Running time: approx. 163 minutes

Language: English

Genre: Western / Classic

A must-have for all Western fans and collectors of classic John Wayne films!

Title: **Reflections-Facing South**  
Artist: **CONRAD HERWIG**

Trombonist **Conrad Herwig**, one of the most daring voices in Latin jazz, is back with a fantastic new album on Savant. This time, he has teamed up once again with the legendary Eddie Palmieri, a true icon of the genre, and bassist Luques Curtis, forming a trio that breaks all the rules. What sets this album apart? There is no drummer. In a musical style as rhythm-centric as **Latin jazz**, it's almost inconceivable to do without drums, but that's precisely what makes this project so exciting. Curtis keeps the beat with his melodic and rock-solid bass playing, while Palmieri deploys all his usual energy and rhythmic complexity, using the piano as a percussion instrument. Herwig, of course, soars above it all with his bold, fluid and high-pitched trombone sound. Herwig and Palmieri have known each other for a long time, having played together on several of Palmieri's Grammy Award-winning albums. With 'Reflections-Facing South,' they return to basics, and the result is Latin jazz like you've never heard before: energetic, unfiltered and full of surprises.

**TRACKLIST**

1. Bianco's Waltz	5:10
2. C'Mon (Mi Guajira)	4:56
3. Que Viva Barry	5:08
4. Reflections-Facing South	5:33
5. Listen Lady	7:59
6. Augmented Blues	5:30
7. Cuando se Habla de Amor	6:14
8. Monica	5:09
9. El Guerrero Solitario	6:02

Title: **George Coleman With Strings**Artist: **GEORGE COLEMAN**

**George Coleman's** career is legendary. He cut his teeth in jazz alongside some of the genre's giants, joining Max Roach's ensemble in the **1950s**, the Miles Davis Quintet, and the groups of Herbie Hancock, Chet Baker and Elvin Jones. His work as a leader, which has inspired generations of saxophonists, is also worth mentioning. Even with such a rich career, Coleman remains full of surprises, and in his new album he offers his audience something they have never heard before: his first recording accompanied by a string orchestra. If you are interested in the **history of jazz**, you know that this type of project has deep roots. Think of Charlie Parker's 'With Strings' or Stan Getz's 'Focus', where the saxophonists reveal their lyrical side through sumptuous orchestral arrangements. Coleman Hawkins did it. Ben Webster too. Today, George Coleman joins the club, and it was certainly worth the wait. So why strings, and why now? Because Coleman continues to grow. He continues to progress. He tells you a story that he has treasured for years. This project is not just another string to his bow, it is quite simply a gift. An autumnal gem from a living legend, offering us all a new way to listen to George Coleman, always pushing the boundaries, always playing with his heart.
