Title: **Space Patrol**
Artist: **SPACEHAWK**

Step into 1987 when space synth ruled the clubs, Laserdance dropped “Future Generation,” and the galaxy danced to shimmering arpeggios and cosmic basslines. Now, Swedish producer Anton Eriksson, aka **Spacehawk**, brings that golden era back to life. Working from his analog-packed studio, he’s crafted a track so authentic that even Michiel van der Kuy, the legendary mastermind behind Laserdance, jumped on board to deliver his own remix. The result is “**Space Patrol**”, a soaring, high-energy journey through melody, rhythm and pure retro-futuristic euphoria. The A-side holds Anton’s powerful original, while van der Kuy’s remix on the flip channels pure interstellar magic. Pressed on yellow vinyl with a sleek 80s-style sleeve, this release is a love letter to every fan of Laserdance, Rygar, Koto and the timeless sound of space disco.

A future classic, straight from the stars.

Title: **Love Over Time**Artist: **LEELAH SKY**

She comes from Salzburg, lives in Vienna and captivates audiences with her expressive, multifaceted voice, rousing songs and exuberant musicality: **Leelah Sky**. With smart pop tracks such as **'Had Me At Hello'** and **'Up'**, the multi-talented singer-songwriter, who began learning classical piano at the Mozarteum at the age of five (!), has made it into various radio, DJ and sales charts across Europe.

Love over Time, the second studio album by singer-songwriter LEELAH SKY, shows a wide range of compositions, styles and lyrics, from youthful 'easy vibes' to a mature and seasoned attitude towards life and love.

The singer and pianist moves effortlessly between solid pop and earthy soul – refining her songs with gospel sounds, rock guitars and R&B vocals, packaged in various arrangements.

In addition to her extraordinary musicality, Leelah Sky also captivates with her powerful soul, RnB and blues vocals on the one hand, and her extremely soulful, subtle and song-serving vocal aesthetics on the other. It is no coincidence that names such as Christina Aguilera, Mariah Carey and Vanessa Amorosi come to mind when listening to her.

As on the first album, her partners in crime are Thomas Mora as producer and co-arranger, with Christian Kolonovits acting as executive producer.
