Title: **Dancing In The Dark 40th Anniversary**Artist: **MIKE MAREEN**

When the first white labels passed through the hands of German, British, American and Canadian DJs at the end of 1984, no one was prepared for what was to come. The official release followed in early 1985 – and the scene was never the same again. At that moment, Mike Mareen broke through the static noise. Yes, he had been working with Chris Evans-Ironside since the 1970s, but there was no indication that together they would create something so groundbreaking. **'Dancing In The Dark'** sounded as if the track had come straight through a wormhole: melancholic, hypnotic vocals, shrouded in vocoder fog, carried by an arrangement so razor-sharp that most releases of the time seemed prehistoric in comparison. He didn't need the pop charts... he ruled the clubs. And the clubs listened.

London. Berlin. Madrid. Rome. Paris. Lisbon. Amsterdam. Athens. Toronto. NYC. Tokyo. Mexico City.

One drop of that electro bassline – and DJs were hooked. The audience was hooked. The entire underground was hooked. Soon, European radio stations capitulated under the pressure, the track crossed borders on mixtapes and became a cult anthem behind the Iron Curtain. It was everywhere – even where it wasn't officially allowed.

Four decades later, the magic remains unbroken. **'Dancing In The Dark'** still appears in indie dance, Italo wave, house and deep house sets to this day. Producers re-edit it as if it were sacred material. It's one of those tracks that DJs treasure like a treasure – a timeless weapon and one of the three most influential singles of Mareen's entire career.

And now, on the **40th anniversary** of its official release, Vintage Pleasure Boutique and Night'n Day Records are releasing exactly the vinyl that collectors and selectors have been waiting for: a special reissue with four brand new remixes covering the full spectrum of today's underground indie, disco, Italo and house energy.

Tallac – the American Berliner by choice – delves deep into the hypnotic soul of the original, exposing its hidden deep house DNA and shaping it into a wide, emotional roller. Luksek, Italian producer & DJ, takes a raw and dirty approach: loop-driven, gritty, underground and hypnotic – an edit that devours dancefloors. Flemming Dalum, the Danish Italo grandmaster, finally remixes the track he always wanted to work on – and of course it's pure Fleming electro-Italo magic. And the Polish highlight: A.P. Mono delivers a shimmering mix of Italo disco, glitterbox groove, disco glamour and synthwave glow – without losing the heartbeat of Mareen's original.

The **vinyl** also features two historic heavyweights: the Jens Lissat Team remix from 1985 and Luis Rodriguez's original arrangement – essential cuts in the Mareen universe.

This release is not nostalgia. It is a resurrection. A celebration. A memory. **'Dancing In The Dark'** has survived for 40 years not by chance – but because the track still moves bodies, breaks hearts and lights up dancefloors in a way that modern productions can only dream of.

If you're an indie, Italo, wave, house or disco DJ... This record isn't just 'nice to have'. It's a must-have.

Title: **Wolfsblut / Der Ruf Der Wildnis / Der Seewolf**
 Artist: **JACK LONDON / M. E. HOLZMANN / T. TIPPNER**

WOLFSBLUT

by Jack London
 Read by Matthias Ernst Holzmann
 Adapted by Thomas Tippner

White Fang knows nothing but the harsh hand of humans. Humans have punished him, beaten him and kicked him. They have starved him and turned him into a bloodthirsty beast. White Fang was certain – this was how he would die. But then he meets Weedon Scott and learns, little by little and in small steps, what it means to be a friend to humans and to be a friend to humans.

DER RUF DER WILDNIS

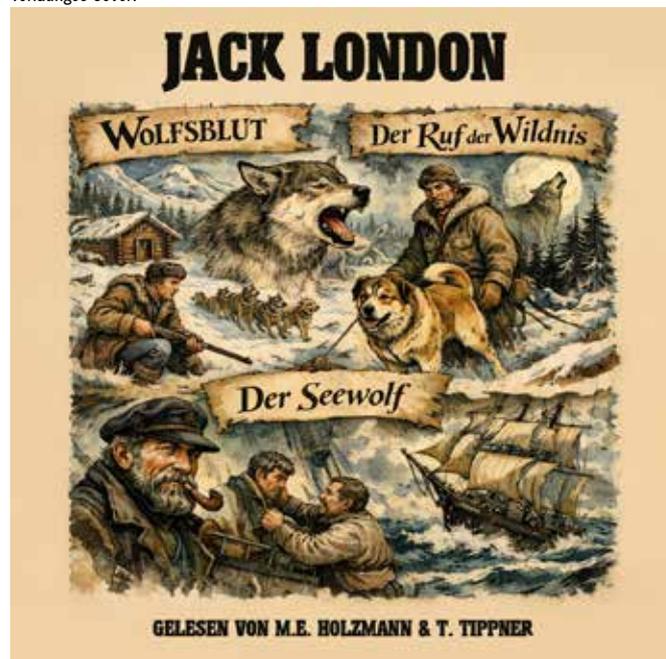

by Jack London
 Read by Matthias Ernst Holzmann
 Adapted by Thomas Tippner

Buck rarely hears it within himself. Very quietly. Very hidden. It is more of a whisper that rises up in him from time to time when he roams through the Californian forests with his master. And then, when he returns home, the call fades away and everything is fine again. All that changes when Buck is kidnapped and taken to Alaska. Suddenly on his own, robbed of all his friends and acquaintances, he must follow the call. If he doesn't, he faces certain doom. So the whisper becomes a whisper and the whisper becomes a call: the call of the wild!

DER SEEWOLF

By Jack London
 Read by Bodo Primus
 The story begins with a shipwreck:
 The educated, civilised Humphrey van Weyden falls overboard during a crossing and ends up in freezing cold water. He is rescued just in time by a seal hunter named 'Ghost'.
 But his rescue is not a stroke of luck in the traditional sense: Instead of bringing him ashore, van Weyden is made a member of the ship's crew and has to do hard, heavy labour. The captain of the ship, Wolf Larsen, known as the Sea Wolf, is a brutal, ruthless man who rules his crew with an iron fist and makes their lives hell.
