Title: **Traumwelten**
 Artist: **TALLA 2XLC & DAS LICHT**

The legendary trance anthem ‘**Traumwelten**’ returns – powerfully reinterpreted by **Talla 2XLC** and **Das Licht (aka DJ Dean)**. This **colourful maxi vinyl** delivers two uncompromising club versions of an absolute cult track.

Side A – Traumwelten (Recreate Mix): With a pulsating tempo of 140 BPM, the Recreate Mix ignites a veritable firework display of deep basslines, driving drums and shimmering melodies. The daring breakdowns increase the tension and drive the energy to its climax. A hypnotic, spoken female voice creates mystical vibes before it transitions into a euphoric rush of ascending, rousing melodies.

Side B – Traumwelten (RRAW! Mix): Darker, harder, uncompromising: the RRAW! Mix starts as a powerful techno-trance fusion, beginning with massive basslines and rich techno kicks. Dark, German-language vocals and atmospheric effects add an immersive, mystical depth to the track. The second drop surprises with a euphoric melody that transitions from technoid rhythms into ecstatic trance elements. This mix shines with its versatility and is suitable for both techno DJs and trance crowds.

A strong comeback for a classic – contemporary, powerful and a must-have for all vinyl lovers.

Title: **Geyer Symphonie**
 Artist: **FLOH DE COLOGNE**

With the ‘Geyer Symphony’, one of Germany’s most influential Krautrock bands is making an impressive comeback: the cult band **Floh de Cologne**’s album, released in 1984, is finally available again on CD.

The ‘Geyer Symphony’ is one of the band’s later, but particularly exciting works, combining experimental Krautrock with political aspirations, theatrical elements and musical diversity. Typical of Floh de Cologne, progressive rock structures meet satirical lyrics and unusual arrangements – a document of its time with attitude and artistic consistency.

This re-release makes a long-sought-after album available again and is aimed at both long-time fans and curious listeners who want to rediscover (or discover for the first time) the political Krautrock of the 70s and 80s.

Title: **Antihelden**Artist: **HARTHOLZ**

With its new label 7hard, **HARTHOLZ** from Frankfurt/Oder is looking optimistically to the future. Its first official act was to re-release the new album 'Antihelden' – for many, one of the best rock works in the German language. Since 2019, Jogi, Acker, Him and Ben have been touring the country's stages as a close-knit unit, firing up audiences with a proper mix of German rock, metal, punk rock and pure party spirit. Since 2019, Jogi, Acker, Him and Ben have been touring the stages of this country as a close-knit unit, firing a powerful mix of German rock, metal, punk rock and pure party atmosphere at their audiences. In a short space of time, the band has built up a loyal fan base and impressively demonstrated that they know how to not only turn the wheel, but make it glow. Hartholz stands for energetic shows; when singer Jogi picks up his trumpet, the air burns – no eye remains dry, no foot remains still. With their album produced by Matthias Kupka at Maxiworx Studio, Hartholz are ready to continue causing a stir in the future and conquer every stage. The first gigs for 2026 have already been booked. Title: **Light**
Artist: **GIUSY RAVIZZA**

The catalog of Discomagic's sublabel Sensation Records is a true treasure chest of surprises. Rare gems sought after by collectors, whose prices on the secondary market often exceed €100, €200, and sometimes even €500. Once again, Vintage Pleasure Boutique reaches into this vault of highly coveted obscurities. This time, the focus is on SNS 8017. It is one of the cult productions by Raffaele Fiume, revered, cherished and long admired mainly thanks to the distinctive vocal presence of **Giusy Ravizza**. Upon its original release in 1984, the record did not achieve major commercial success. However, with the resurgence of Italo disco, the rise of the internet, discussion forums, collector communities, online marketplaces and web radio stations, places where fans and collectors gathered to rediscover forgotten tracks, "**Light**" gradually emerged as a highly desirable, much-loved and increasingly hard-to-find title. Once again, Vintage Pleasure Boutique steps in to meet the expectations of all those who wish to own a vinyl copy of **Giusy Ravizza** – "**Light**." This is not the original Italian pressing with the SIAE stamp on the label, but it sounds absolutely excellent.

Title: **Mad About Love**Artist: **NINJA**

Ninja was a niche Italo disco project formed by Cristina Peri (vocalist, composer and producer) and Enzo Benetti (DJ and producer). Together they managed to compose and produce only a handful of tracks, three of which were released under the Ninja moniker. Their collaboration resulted in a highly distinctive synth-pop sound, marked by a rock-leaning drum approach with a strong, metal-sounding snare, and melodic lines that deliberately avoided obvious, immediate catchiness. The unique and “super obscure Italo treasure” reissued by Vintage Pleasure Boutique, titled “**Mad About Love**” carries an additional point of interest: Pier Michele Bozzetti, better known as Miko Mission, was also involved in the production. “Mad About Love” is a rare and collector-sought track that has never been reissued before. With this new **vinyl** release, Vintage Pleasure Boutique once again steps forward with an archival initiative, hoping to bring genuine excitement to underground Italo fans and collectors alike.
