Title: **Techno Megamix Vol. 2**
Artist: **VARIOUS**

With **TECHNO MEGAMIX VOL. 2**, **Felix Reichelt** presents a compact, non-stop DJ mix featuring the latest techno and trance tracks. The selection ranges from melodic numbers to more direct club tracks, creating a cohesive whole without any unnecessary digressions.

Among the standout moments are **Tom Wax – Sunwalker**, **Anna Reusch – World A** and **Talla 2XLC & Eddie Pay – Touchdown**. Tracks such as **Klangkaskade – Take My Heart** and **Schwarze Puppen (Felix Reichelt Remix)** also fit well into the mix.

All in all, **TECHNO MEGAMIX VOL. 2** is a solid, cleanly mixed compilation that impresses above all with its clear direction and balanced track selection.

TRACKLIST

Stereolink - Got The Me Fail (Original Mix)
Tydra - Bring the Beat Back (Extended Mix)
Valiant Kings , Hector Reverb - Insula (Extended Mix)
Mea - Hot (Extended Mix)

Title: Heavy Metal Rarities, Vol.1

Artist: **VARIOUS**

The heavy metal scene isn't just made up of headbangers and casual fans, but also collectors and music enthusiasts. This is particularly true of the 1980s and the traditional underground scene of the 1990s. This box set contains four LPs reissued by Golden Core, which are perfectly tailored to the kind of audience you'd find at festivals like Keep It True or Headbangers Open Air.

Every collector would love to have the original **SACRAFICE** LP in their collection, but you have to dig deep into your pockets and be very lucky to make that wish come true. This self-released record, which appeared in limited numbers in the mid-1980s, is one of the top rarities of German metal.

You're more likely to get lucky with **HAMMERSCHMITT**, as the LP was originally released by Rockport (Trance, Outside, Rodgau Monotones). Even so, you'll still have to fork out a few quid if you want the original in good condition. The iconic cover and the solid heavy metal – at times verging on speed metal – have seen the album's popularity grow among fans over the years. **OBLIVION** released the EP "Reflections" independently in the nineties. Two years ago, Golden Core released the first vinyl edition of this forgotten gem from a time when traditional metal was going through a rough patch. The atmospheric cover alone made it worth releasing an LP. The CD is still expensive if you want to buy a second-hand original.

With **SQUADRON**, that's simply not an option, as these are professional-sounding demo recordings that were never officially released. This compilation proves just how out of touch some record labels were back then. It easily outshines many a release from the established labels of the time. SQUADRON was the first band of drummer Klaus Sperling, known from Primal Fear, Sinner, Freedom Call and Nitrodogs.

Contents of the box:

- GCR 20208-1 Hammerschmitt - Hammerschmitt
- GCR 20162-1 Oblivion - Reflections EP
- GCR 20183-1 Sacrafice - The First Eperience With The Unknown
- GCR 20234-1 Squadron - Squadron

Title: **A Journey To Music (Unplugged Groove)**
Artist: **FUNCOUSTIC**

What do „Strange Kind of Woman“ and „Locomotive Breath“, „Rebell Yell“ and „Child in Time“, „Come Together“ and „Valerie“, „500 Miles“ and „Wonderful Tonight“ have in common? – That’s right: they are all legendary songs that have made rock history. **Funcoustic**, now one of the best rock bands in “The Länd”, have managed to breathe new life into these and eight other tracks. „**Journey to Music**“, the title of their third album, could not have been chosen more aptly. For anyone accompanying the three top musicians Jens Bohmüller, Bernd Schubach (now replaced by Erik Kollinger) and Uli Haßfeld on their „journey through music“ – as the title translates – can look forward to a truly inspired sonic journey through the past decades. The three musical chefs serve up the best rock and pop hits of all time. But in their very own style. Refined into handmade, purely acoustic audio files. Unplugged, as they say these days. Featuring only guitars, percussion and vocals. Without any electronic effects. But always with ‘good vibes’ and plenty of positive energy. The idea to produce a new CD came about in early 2022. Following an initial studio and a live CD, they set about realising their third recording project in 2023. And for this, they brought in genuine expertise to the studio: none other than sound master Sigggi Zundl from Sound Factory Studios was at the controls, first in Walldorf and then in Bad Schönborn. Sixteen tracks were the ambitious goal, and sixteen tracks were recorded over 14 months of hard and inspired studio work, then finely honed by producer and musician Zundl with a keen sense for the characteristic Funcoustic sound.

Title: **Icarus**
Artist: **MINE'S ROAD**

Behind **Mine's Road** is the North German musician Michael Nermerich, who has been a constant presence on the music scene since the 1990s. As a keyboardist, songwriter and producer, he has explored a variety of genres and band projects over the decades — experiences that now come together in his distinctive solo sound.

With the formation of Mine's Road in 2020, Nermerich deliberately shifted his focus to a personal, independent project. Here, he blends influences from rock, pop, progressive rock and alternative into a modern, multi-layered soundscape. His music thrives on dramatic mood shifts, intricate arrangements and a distinct atmosphere that allows the listener to immerse themselves deeply in the songs. A key turning point was the decision to step into the spotlight as lead singer for the first time. This new role lends the songs additional authenticity and makes Mine's Road a particularly personal expression of his artistic vision.

With his debut album "**Icarus**" (CD release: 29 May 2026), Nermerich makes a clear statement. The album brings together different facets of his work, ranging from catchy song structures to epic compositions. At its heart lies the eponymous, approximately 13-minute title track — an intense, extended piece about intoxication, a crash and self-realisation, which stands out for its dynamism and narrative depth. The album is accompanied by lavishly produced music videos for every single song, which underscore the project's audiovisual ambition.

Title: **Mexican Mysteries**
Artist: **RASH PANZER**

After more than 10 years of silence and a 40-year history, the Swiss hard rock band Rash Panzer released the successful album „Liberation“ in December 2023, followed by the albums „Born to Rock’n’Roll“ and the remastered edition of “Back on the Rocks”. Their latest album „**Mexican Mysteries**“ is now set to build on these successes and tells the true story of Rash Panzer’s origins. „Liberation“ was about regaining our freedom, whilst „Born to Rock’n’Roll“ was about how we use it, according to band leader and singer JJay Guertchakoff. “The album is about how everyone – whether it’s you or me – has to look deep within themselves to find the energy or strength needed to make a change and fulfil their destiny. The songs are about freedom and the free will given to each of us to improve our own lives and the lives of others, and to fulfil our mission.” So says the charismatic frontman about their latest LP. The band was formed in Geneva, Switzerland, in 1979 and has been serving up hard-hitting, powerful, and authentic rock music to their fans ever since. Following their single „Heavy Leaders“ in 1984, Rash Panzer released their first EP, „Rock ‘n Roll Street“, in 1988, produced by Dennis Weinreich (Jeff Beck, Procol Harum, etc.). The following year, they toured the US East Coast extensively and even made it into the US charts. Back in Europe, they recorded the album „Rated X“, this time produced by Rudy Lenner (Scorpions). This was followed by another live album, „Wild, Raw and Live“, before things slowly quietened down for the band. Then, in 2013, came the acclaimed Rash Panzer comeback with the album „Back on the Rocks“. However, it took another 10 years for the band to give another sign of life with the release of the album „Liberation“ in 2023. But here are Rash Panzer: louder, harder and more motivated than ever before! „Mexican Mysteries“ is a resounding exclamation mark proving that you’re never too old for good hard rock, whether as a musician or a fan!

Title: **Lohengrin**Artist: **R. WAGNER / J. KEILBERTH**

Lohengrin: "You must never ask me who I am!" So demands the mysterious knight who arrives in a swan-drawn boat to protect Elsa, Duchess of Brabant. Naturally, Elsa falls in love with the great warrior – and naturally, after their wedding (yes, to the immortal 'Treulich geführt' bridal march!), she wants to know who he is! So she asks him after all – and thereby causes Lohengrin, the son of Parzival, to have to leave her...

Richard Wagner's masterpiece Lohengrin in a complete historical recording from 1956, featuring Eleanor Steber, Wolfgang Windgassen, and the choir and orchestra of the Bayreuth Festival under **Josef Keilberth**.
