Title: **Heavy Metal Vinyl Attack**
Artist: **VARIOUS**

Despite the many modern trends of the last 30 years, it is the traditional forms of heavy metal that keep the engine running and to which fans young and old keep returning. This box set features three albums from the 'golden eighties', whilst the LP by OBLIVION proves that, even in the nineties, there was music in the underground scene beyond grunge and crossover. The US metal legends GRIFFIN are the best-known band in this box set. Their two albums on the Steamhammer label (released in the US on Shrapnel) are now regarded as classics, and they still perform sporadically, including at the Keep It True Festival. Included is their second album, 'Protectors Of The Lair', as a double LP featuring a new remix as well as the original remastered version. HAMMER'S RULE are among the best underground US metal bands. In Germany, their EP and LP were combined into a single release, meaning it wasn't possible to purchase the band's work in its entirety. Golden Core have now resolved this by including an additional 7" single with the LP. This means that 'Show No Mercy' and 'After The Bomb' are finally available in their entirety – and remastered at that. Hammer's Rule stand out for their melodic yet heavy and at times epic style, as well as for having one of the best rhythm sections in US metal. SQUADRON from Germany were only recently 'discovered' and have since been regarded as one of the best unsigned German metal bands of the 1980s. It is also the first band featuring drummer Klaus Sperling, who went on to make a name for himself with Primal Fear, Sinner and Nitrodogs. Squadron recorded two professional-sounding demos, which are now available here for the first time, restored and remastered. Fans and the press are in agreement: had this band released an album on one of the major labels of the time, they would be as well-known today as Running Wild or Helloween. OBLIVION released a CD independently in the nineties – a very difficult time for a creative yet traditional style of heavy metal. 'Reflections' gradually became a rarity and a collector's item, but calls for a vinyl release grew louder. Golden Core have responded by releasing this hidden gem on LP.

Title: **Essential NWOBHM Vol. 2**Artist: **VARIOUS****ESSENTIAL NWOBHM – The Best Of Neat Records Vol. 2**

Hard rock was already around in the late sixties, and the seventies laid the foundations with bands such as Black Sabbath, Deep Purple, Uriah Heep, UFO, Kiss and Led Zeppelin. Following the heyday of punk, heavy metal as we know it emerged in England. Young bands took the hard rock of the aforementioned groups and blended it with the energy and DIY ethos of the punk scene. The New Wave of British Heavy Metal, or NWOBHM for short, was born and had its beginnings as early as 1978, although experts tend to regard 1979 as its starting point. Whilst the major labels were only cautiously getting involved (Iron Maiden, Saxon), the 'young wild ones' began pressing their own singles and LPs. The small recording studio Impulse in Newcastle took a similar view and set up the label Neat Records for all the newcomers who recorded there. Their pioneering work paid off, and within a few weeks they had become the leading independent label for the new, heavy sounds coming out of England. The Neat logo, featuring the famous thumb, developed a cult following amongst later generations of metal fans, who are often happy – or even have to – dig a little deeper into their pockets for original vinyls. Following the hugely successful first instalment, Golden Core are now releasing 'Volume 2' of the compilation 'ESSENTIAL NWOBHM – THE BEST OF NEAT RECORDS'. In terms of the bands featured, there are only two that also appear on 'Volume 1', but once again there are plenty of surprises and rare versions of songs. The CD was compiled and remastered by Neudi, who is regarded as an expert on the NWOBHM and plays in the well-known NWOBHM tribute band ROXXCALIBUR. The booklet contains plenty of photos and, of course, liner notes.

Excerpt from the provisional list of titles:

Bluesnews - Album Review:

DobBroMan
Whisky And Bullets
(PeperCake)
CD (40:00) • Jewel Case • Booklet (20 Seiten) mit Songtexten

Dem Berliner Singer-Songwriter, Blues- und Slidegitarrist DobBroMan gelingt es, mit seinem Album „Whisky and Bullets“ sofort zu begeistern. Spätestens nach dem zweiten Song „Going Down Along The Line“ hageln die Songs wie Momentaufnahmen durch die Anlage. Mal humorvoll, mal nachdenklich, stets authentisch. Jeder Titel erzählt direkt, rau oder mit feiner, nachhaltiger Intensität eine eigene Geschichte. Der Pub-Charme von „The 3 Bridies And I“ vermittelt die lebendige Inselatmosphäre auf Lanzarote, „Butchers House“ überrascht mit einer friedlichen Botschaft hinter rauer Fassade. „Drinking Whiskey“ liefert pure Party-Energie, während „Evil Woman“ geheimnisvoll bleibt. Mit „Fighting With Angels“ zeigt DobBroMan emotionale Tiefe, während „This Worn Out Shoes“ für ehrlichen Blues steht. Das Album überzeugt auf der ganzen Linie durch seine musikalische Ehrlichkeit und handgemachte Klangästhetik. DobBroMan verbindet klassische Blueswurzeln mit modernen Americana-Einflüssen auf stimmige Weise. Dies läuft bis zum Schluss durch. „Lonesome Road“ berührt einen ganz leise, „Song For Rory“ ehrt stilvoll die Legende Gallagher. Das Album endet mit „You Must Leave Behind“. Ein Blick auf die tägliche Nachrichtenflut und was sie mit einem macht. Auch dies ein Song, der lange nachhallt.
